

Chapter: 1413

But isn't it? They don't have anyone who has seen such a tiger. They are strong and have a bad temper. They don't persuade them to be the nobles of Yandu at all, and they just teach them relentlessly.

Don't look at their arrogant arrogance and the appearance that they are not afraid of the sky. It is based on their profound background. When they really meet a ruthless person like Lin Ziming, they are instantly stunned.

Fubo and Chen Shu, the two masters of the innate realm, now feel that their scalp is numb, and are even more in awe of Lin Ziming. Although they are the bodyguards of these second generation ancestors, they dare not say anything.

As for Chu Tian and Chu Xing, they didn't know how excited they were, constantly shouting that brother-in-law is invincible and brother-in-law is mighty.

They were really excited. Just now, the second generation ancestors treated them as beasts and insulted them. Their hatred for the second generation ancestor was so great that they don't know how happy they are now.

Qin Shao suffered more than a dozen slaps. At this moment, he was already numb from the pain, and his head became dizzy. He completely gave in with no arrogant arrogance. He completely gave in, and begged for mercy with his nose and tears: "Don't Hit me, don't hit me, I know it's wrong, oooooo..."

He is really scared of Lin Ziming now, he has never seen such a tiger in his life, it is terrifying. He had a feeling that if he didn't beg for mercy, the lunatic in front of him would really kill him.

He cherishes his life more than anyone else.

Lin Ziming saw that he had succumbed, and he didn't want to embarrass him any more, so he let go of him, and said coldly, "Take it?"

"I've taken it, I've taken it." Qin Shao nodded quickly. Now he was arrogant, like a scared kid, and didn't dare to have any dissatisfaction.

Lin Ziming snorted and said, "You think you are from Yandu, so you don't put the people of the world in your eyes. You think that all the people in your circle are mud legs?"

These second generation ancestors didn't dare to refute, one by one they bowed their heads, and they couldn't help.

Lin Ziming continued: "I know what you are thinking. You don't admit defeat. I want to call your family as soon as possible and come to me for revenge. Yes, I'm fine, Lin Ziming sits and doesn't change my name. If you have any dissatisfaction, You can come to me for revenge. But, here is what I said, if you dare to move my family, I will kill you as if you are the king of heaven and Lao Tzu!"

After saying this, Lin Ziming directly grabbed the railing next to him, pulled

it hard, and became Ma Hua directly, and threw it in front of Shao Qin and others, making them tremble uncontrollably.

“Get out of here.” Lin Ziming waved a big hand at the end, letting them go.

They didn't dare to stay anymore and left in a desperate manner.

After coming out, Qin Shao went to the hospital for the first time. He was beaten the most severely. His teeth were broken, and the pain was terribly painful for him.

“You are not allowed to say anything just now, you know, whoever tells it, I can't spare him!” Qin Shao said gritted his teeth.

Those second generation ancestors and bodyguards all nodded quickly, indicating that they didn't remember anything.

The incident just now was a great humiliation to them. If it were to spread to Yandu, their face would be lost.

However, when they thought of Lin Ziming's horrible performance just now, they couldn't help but tremble. Even if it came out now, they couldn't even think of revenge.

Back to Lin Ziming's side, Chu Tian and Chu Xing were both agitated, and they were going to practice martial arts with Lin Ziming. If they wanted to learn Lin Ziming's skills, they could be so prestigious and don't have to be afraid of being bullied.

Regarding this, Lin Ziming just smiled. He knew that these guys didn't have the talent for martial arts, and most importantly, they didn't have the perseverance to persevere.
