

## Chapter: 1423

Xu Bing was very annoyed. He has never been insulted so much when he grows up so old!

His McLaren sports car was smashed to pieces, let's not say, he was slapped a dozen times, and his face was beaten into a pig's head. This hatred is not for the non-gentleman!

After he left, he simply went to the hospital for treatment, and immediately took advantage of his relationship, called a dozen thugs, and decided to beat Lin Ziming to vomit blood, otherwise he couldn't swallow this breath.

In Yuancheng, it is not too difficult to find someone. With his resources, he can find out in less than two hours. Originally, he thought that Lin Ziming was just an ordinary poor ghost, but now, Lin Ziming is still holding Tao Sanniang's hand, looking like a concubine, which really stimulated him deeply!

You know, Tao Sanniang is the woman he saw with his own eyes. He wants to get Tao Sanniang in his dreams. In his opinion, Tao Sanniang is the kind of perfect woman. And now, there is a man who is holding Tao Sanniang's hand. How can he stand this? New hatred and old hatred are coming up all of a sudden!

"I've found you!" Xu Bing's eyes were splitting, his eyes burst into unprecedented hatred and anger, and his body was trembling with excitement.

Lin Ziming frowned slightly when he saw him. It seems that the lesson today was not heavy enough, and this guy dared to come to the door. He wasn't afraid. People like Xu Bing would be ants no matter how many they came. What he was upset was that he rarely accompanied Tao Sanniang once and was disappointed.

Tao Sanniang also saw Xu Bing and said displeasely: "Xu Bing, what do you mean by cursing, I offend you?"

Xu Bing's expressions are a bit distorted, staring at Tao Sanniang and Lin Ziming holding hands, "Tao Yurong! You bitch, I treat you so well, and your heart is broken, but you disdain me and throw in other men in a blink of an eye. In my arms, you bastard! I think you are so innocent, you are a stunner!"

He has lost his reason and scolded so badly. Tao Sanniang's expression changed instantly, and his gloomy expression became gloomy, "Xu Bing, what are you talking about? Say it again!"

Tao Sanniang straightened her waist, her aura exuded, and she was also quite imposing, and immediately made Xu Bing and the others aroused and felt awe.

Just kidding, although Tao Sanniang is a woman, her aura is comparable to a big man like Lin Ziming, but she is also a big figure, she is still a master of

the pinnacle of the day after tomorrow, she becomes annoyed, naturally not the aura of Xu Bing. You can bear it.

Xu Bing paled a lot at the moment, and he trembled twice. A person next to him reminded him, "Mr. Xu, what are you afraid of? There are more than a dozen of our brothers backing him."

Xu Bing immediately became arrogant again when he heard this. In addition, when he came, he drank a few glasses of wine. He is now in a state of excitement. The anger towards Lin Ziming and the resentment towards Tao Sanniang quickly eroded. His sanity, he said loudly: "I just said you, why did you drop it? Did you say you were wrong! You bastard, pretending to be innocent in front of Lao Tzu, turned out to be innocent in front of this guy. Treat you as a goddess, grass!"

Tao Sanniang's expressions became even colder, and she clenched her fists. Originally, Lin Ziming arrived today and she was in a wonderful mood, but now, she was stunned by this guy.

Then, Xu Bing stared at Lin Ziming again, full of hostility and threats and said: "And you guy, I grew up so old and never suffered such humiliation. You're fucking dead today!! Can you fight? I want to see today, can you fight more than a dozen one at a time!"

As his voice fell, suddenly, behind him, a dozen big men stood up, one by one, with joking and hideous expressions, and a suffocating anger on his body.

At first glance, I knew it was the kind of social, professional thugs. Many ordinary people present would shudder when they saw it.

Seeing Lin Ziming not speaking, Xu Bing became even more arrogant, "Why, aren't you crazy today? You can't get up crazy now? Grass! Today, if I don't make it up, you won't be surnamed Xu!"

He didn't say that he wanted Lin Ziming to kneel down. He couldn't wait to teach Lin Ziming, so he would beat Lin Ziming first.
