

Chapter: 1427

Tao Sanniang's house was specially designed, and you can feel a kind of romance and a touch of warmth as soon as you come in.

The smile on her face has never stopped, and the sweetness and happiness have always been permeated. At this moment, she feels that she is the happiest person in the world.

Although Lin Ziming spends most of his time with other women, but occasionally comes over to live with her, then she is already very satisfied.

She didn't think about other things, only cared about being able to stay by Lin Ziming's side.

Everything is so natural and so exciting, Tao Sanniang abandoned all distracting thoughts and just wanted to cherish every minute and every second spent with Lin Ziming.

After some lingering, Tao Sanniang lay on Lin Ziming's chest and said sincerely: "Ziming, I feel so happy."

Lin Ziming stroked her hair tenderly and smiled. Before, he would still feel like a scumbag, sorry for Chu Fei, and sorry for Tao Sanniang, but now he has no such thoughts.

Because this is the best ending for the three people. The so-called sorrow is the two-heartedness, which caused one or both of them, but Chu Fei and Tao Sanniang were not sad, but they supported him in doing so. Then how can he call it negative.

Moreover, in terms of human relations, there have never been hard and fast rules. Monogamy is justice. Only the person concerned knows what happiness is.

The next day, Lin Ziming woke up and saw that Tao Sanniang was still asleep. He didn't wake up Tao Sanniang and got up lightly and cooked breakfast for Tao Sanniang. This kind of ordinary life was also quite comfortable.

Not long after, Lin Ziming heard footsteps coming from behind, and said with a smile: "Get up? You go brush your teeth first, and wait for breakfast before you can prepare it."

Tao Sanniang behind, seeing Lin Ziming wearing an apron, looking like a family man, the corners of her mouth turned up uncontrollably, really happy. She went over, hugged Lin Ziming gently from behind, enjoying the good smell of Lin Ziming's body: "Ziming, you are so kind."

Lin Ziming smiled and said, "I thought you would have to sleep for a while, why did you wake up so early?"

Tao Sanniang said: "I turned around and didn't find you, so I got up by myself."

Next, Lin Ziming stayed in Yuancheng for a week, accompany Tao Sanniang every day to make up for the previous ones.

Then he went back to Hwaseong.

Now his Lin Group has reached a large scale, like a huge machine running. It can be said that he is already a big figure in China.

He went to the third place of Xuanyuan again. As his current chief instructor, he didn't really need to go to the third place of Xuanyuan to check in. Now he belongs to the senior level.

If there is a major matter that requires a high-level meeting, he will go back again, or if there is an important task that other people cannot do, he will perform it.

Of course, Lin Ziming is not the kind of person who is a hand-handling shopkeeper, as long as he has time, he will still go to Xuanyuan three places. After returning from the third place of Xuanyuan, Lin Ziming had arranged everything on his hands, and now he should do that thing.

“What?! Master, are you going to Luotian headquarters? Are you crazy! I don't agree!!”

Suddenly, a man shouted excitedly, with an exaggerated expression, and suddenly attracted the attention of many people around him, and they all looked over in surprise.
