

Chapter: 1436

“Crazy, you, it’s about this time, you still anger the wolves!!”

These explorers all thought that Lin Ziming was dying, which accelerated their speed of being eaten by the wolves.

Lin Ziming frowned slightly. He didn’t have too much aura to release, but he exuded to the peak of the day after tomorrow, thinking that he could scare the beasts away, but instead angered them.

It is now the periphery of Luo Tian’s headquarters. If he releases an aura of the level of the Innate Realm, he will definitely be discovered by the high-ranking masters of the Innate Realm in Luo Tian’s organization, and the gain is not worth the loss.

Since this is the case, he can only use his own force to drive away the beasts. He turned his head and said to these explorers: “You are all standing here, don’t move.”

Then he strode forward, looking like he was going to fight the evil wolves to the death.

His action really stunned the group of adventure fellows. The delicate beauty couldn’t help but said, “Hey, what are you doing?”

Others are also puzzled.

Lin Ziming turned his head and smiled faintly, “Kill a few wolves and they will be scared away.”

madman.

This guy must be a lunatic!

Not a lunatic, that’s a fool.

Lin Ziming still has work to do. He didn’t bother to waste time here. After walking out, he rushed directly to the wolves and started to attack.

With the strength of his Innate Realm Dzogchen, dealing with this group of beasts is no different from trampling a few ants to death.

But he still can’t bring out the strength of the Innate Realm Dzogchen. Firstly, it is not necessary. Secondly, he still hasn’t entered the Luotian headquarters, so he can’t get rid of it.

He controlled his cultivation base at the peak of the day after tomorrow. Even so, it was more than enough to deal with this group of beasts.

His active attack immediately angered the group of evil wolves, and suddenly became frantic, and rushed towards Lin Ziming, the scene was very magnificent and ferocious.

Seeing this scene, those explorers were so terrified and terrified that the delicate beauty couldn’t bear to see Lin Ziming’s torn picture and covered her eyes.

Everyone thought that Lin Ziming must be dead, and that this group of evil wolves could not be torn apart.

However, the scene that happened next absolutely subverted their cognition.

I saw Lin Ziming snorted coldly, with disdain on his face, and no fear or tension at all. Facing the rushing wolf, he strolled leisurely in the court, punching continuously, with great strength and precise angles, and he always threw himself. There were still no evil wolves that encountered him in the air. They were all knocked out, fell to the ground, and died on the spot. In less than half a minute, Lin Ziming had already killed five evil wolves and squeezed all the remaining evil wolves. Especially at the last moment, Lin Ziming pulled the largest wolf king and pinched the wolf's head with one hand. When he threw down the wolf's head with a fist and sank into the ground, these evil wolves were frightened, made a whining sound, turned and ran.

Lin Ziming clapped his hands, as if he was just doing something insignificant. When he turned his head, he saw the group of explorers, all dumbfounded...
