

Chapter: 1458

“Okay.” Saint King said: “Lin Ziming, whether you and your mother can live depends on your performance.”

What he said is a bit meaningful.

Lin Ziming nodded vigorously, his eyes sharpened.

He and Jian Rushuang looked at each other, and he could clearly see the murderous intent in Jian Rushuang’s eyes, which could almost swallow him in. Even with Lin Ziming’s cultivation level, he would inevitably feel it in an instant. It’s freezing cold.

However, he didn’t have the slightest fear in his heart, because he was prepared before he came. This is the best one among the many possibilities he can think of. Next, whether he can survive or not depends on his ability.

Ni Chang’s lips moved slightly and looked at Lin Ziming deeply: “Come on.”

Lin Ziming smiled brightly and said, “Don’t worry, I will win.”

After speaking, he walked out in strides, two or three steps, and disappeared here.

Jian Rushuang snorted coldly, and didn’t put Lin Ziming in his eyes at all. After three or two, he disappeared in place, and when he reappeared, it was on another mountain.

The top of this mountain is not too big. A piece of it has been cut in the middle, showing a tens of thousands of square meters with lots of potholes. Obviously, this place is specially designed for people to fight.

Jian Rushuang appeared here first. He still wore a white robe and drifted with the wind. I don’t know how he cultivated. He was already nearly 60 years old, but he looked like a young man.

Lin Ziming then landed, standing opposite him, the distance between them was only 50 meters. This distance, to their realm, is just a distance that can be reached in an instant.

In a short while, the people on the altar just now chased one after another, but they dared not follow up the mountain, they only dared to watch from a distance, because they knew that the lethality of a battle at the level of Lin Ziming and Jian Rushuang was Extremely terrifying, if they get too close, they will definitely be harmed by Chiyu!

But even so, they are also very excited.

You know, this is a battle between the Dzogchen in the Innate Realm. This is too rare, especially for those masters in the Inborn Realm, who are even more excited. If they can watch it from the beginning, then it will be extremely helpful to them. huge!

Jian Rushuang stood with his hand in his hand, looking at Lin Ziming in front of him, feeling a little bit of emotion and admiration in his heart, you know, just three months ago, Lin Ziming was only an ant in the fourth stage

of the innate realm, even he Can't catch a palm. At that time, when he chased Lin Ziming, he didn't care at all, playing like a plaything.

But I never thought, how long has passed since then, Lin Ziming, this ant, has grown to the point where he can fight him.

For him with an arrogant personality, this is a very uncomfortable thing.

However, this matter ends here.

Today, he will personally kill Lin Ziming, accomplishing what he didn't accomplish three months ago.

A genius is a peerless genius. It's rare to see it in thousands of years. Give Lin Ziming a few more years to become a powerhouse in the realm of God.

However, a dead genius is not considered a genius.
