This is the first time Lin Ziming brought his mother back to see his wife. He called Chu Fei in advance. When Chu Fei heard this message, she was nervous. On the phone, Lin Ziming heard that Chu Fei broke things. sound. "Ah? Mother-in-law, did she come out? Why is it so sudden, I am not ready for anything... Oh my God, what should I do?" Chu Fei said nervously and anxiously. .

Chu Fei suddenly heard Lin Ziming's voice and realized that Lin Ziming was safe. She was quite relieved, but then, when Lin Ziming's mother wanted to see her, she immediately became nervous involuntarily.

Even though she and Lin Ziming have been married for so many years, but she has never seen her mother-in-law, so how can she not be nervous.

Moreover, she had heard from Lin Ziming that the mother-in-law was still the saint of the Luo Tian organization, with a prominent status. It would be strange if she was not nervous.

Lin Ziming smiled and said: "Don't be nervous, my mother is very talkative, she just wants to see you, she doesn't mean anything else."

But Chu Fei didn't listen. She said anxiously, "Don't come back so soon. I don't even have to change clothes or make-up. Oh my God, I stayed up late last night and I still have dark circles. This looks so ugly, how come I see my mother-in-law..."

Listening to Chu Fei's voice, she was about to cry.

Lin Ziming comforted her with a few words, saying that there was nothing wrong, but Chu Fei was still very anxious.

Fortunately, they still have a long way to go home, and there is enough time for Chu Fei to prepare.

An hour later, when she returned home, her mother Qin Yuehua finally saw Chu Fei, immediately laughed with satisfaction, and took the initiative to hold Chu Fei's hand, especially gentle and kind, which made Chu Fei's nervous mood relax a lot.

Lin Ziming was aside, watching this scene, feeling extremely contented, this is what a happy family should have.

Mother Qin came back and finally let Lin Ziming's boulder relax. Fortunately, both mother and Chu Fei get along very well, and after a few days of getting along, there is absolutely no discord between their mother-in-law and daughter-in-law.

The father-in-law and mother-in-law are also very welcome to the mother. The family gets along very well and their life is stable.

However, Lin Ziming found out that Nishang lived here for a few days and was obviously awkward. Originally, Nishang was a person who did not like to talk. In these days, she became more silent, except for occasionally chatting with her mother, almost No You have spoken with Lin Ziming.

Lin Ziming discovered her strangeness, found an opportunity, and asked: “Neon, are you not used to living in my house?”

After all, Nishang is a master of the fourth stage of the Innate Realm, and her physical fitness is far beyond ordinary. Although she was seriously injured in Luotian headquarters, she has recovered a lot after this week of recuperation.

She avoided Lin Ziming’s gaze, and said lightly: “Thank you for your family’s care during this period of time. I have almost recovered from my injury now, and it’s time to leave.”

Lin Ziming was taken aback, and immediately said, “Neon clothes, don’t see you so much. You are the adopted daughter of your mother and a family. There are enough rooms in our family. It’s good for you to live here. You can live as long as you want... ..”

Nishang interrupted him directly and said: “I understand your kindness, I don’t belong here, it’s time to leave.”

From the beginning to the end, Nishang’s attitude is very indifferent, which is very different from what she did when she was organized by Luo Tian, like a different person. Lin Ziming is extremely clever and can’t guess her mind. . Did you offend her in some ways? But Lin Ziming thought about it for a long time, and he didn’t even figure out how he had offended the neon clothes. He could only say that the needles in the seabed of women’s hearts.

Lin Ziming wanted to say a few more words, but Nishang had already turned around and went back to the room and walked into her mother’s room. After a while, she came out with her mother Qin Yuehua.
