

Chapter: 1478

Zhao Xia was originally the strength of the third stage of the Innate Realm. During this period of time, he accepted Lin Ziming's guidance, and there has been no breakthrough in the realm, but his strength has increased a lot. It is no exaggeration to say that now he is almost standing at the top of the third stage of the innate realm, and he is the last step away from the fourth stage.

Even the people in the three places of Xuanyuan were surprised when they felt Zhao Xia's momentum. They didn't expect that Zhao Xia's momentum had become so strong. But they immediately thought that it should be Lin Ziming's credit. After all, as the chief instructor of Xuanyuan 3rd place, Lin Ziming was so powerful that even Zhao Xia would ask Lin Ziming.

Li Dao secretly put away his contempt, and he was somewhat surprised that Zhao Xia was actually so strong.

However, what about the peak of the third stage of Innate Realm? In front of him, the same is the defeated man.

Li Dao faced Zhao Xia's attack, calmly facing, without any pressure, and Zhao Xia was beaten almost the whole time. Everyone present could see that there was a mountain high in the blink of an eye, and Zhao Xia was obviously stunned. Not Li Dao's opponent.

"Zhao Xia, this is your strength? It's too weak, it doesn't mean anything, lie down for me!"

When Li Dao's voice fell, he saw his aura suddenly changed, directly overwhelming Zhao Xia, and at the same time his speed was much faster, punching out, directly breaking through Zhao Xia's defenses, and hitting Zhao Xia hard. On the face, he beat Zhao Xia and flew out on the spot, and knocked Zhao Xia stunned. In fighting, it was ko.

"Hahaha, this is too weak, I was knocked out by instructor Li in one punch, no way."

"With this strength, I still dare to be responsible for the Kung Fu Cup. I am afraid that I will not be bullied to death by those foreign devils at that time!"

"I think it's better to react with the above. Let's replace Xuanyuan One and Xuanyuan Two, so that we won't be embarrassed too."

"It's a trivial matter to lose our face. If you lose Huaguo's face then, it will be damned!"

The people in Xuanyuan three places were very annoyed when they heard these words. Everyone gritted their teeth. Even a calm person like Peng Zhuo could not help but clenched their fists now.

This group of guys from Yandu are really too much, they don't even look at them at all!

Li Dao stood there proudly, with an arrogant posture, like an invincible king, overlooking the group of losers at Xuanyuan Three, and said wildly: "Your

strength is too bad, let me disappointed. Let's do it, I too. Don't bully you, let's go together. I will single you all. If I can't defeat you within ten minutes, you will win."

When these words were said, it burned even more. This was not to deny Xuanyuan three places, but to humiliate Xuanyuan three places, including Peng Zhuo!

There are no people in Xuanyuan three places. This is already the consensus of many people. Even if Lin Ziming's reputation had been gained a while ago, it was just a flash in the pan. For the people in Yandu, they didn't believe it very much.

The main reason is that Lin Ziming's rise was too sudden, and it is also very outrageous, the innate realm of Dzogchen who is less than 30 years old, what is this concept?

There is no difference between being a scientist with a three-year-old child. Anyone who is a little bit logical would not believe it unless he saw it with his own eyes, but the problem is that there are not many people who have seen Lin Ziming except for the circles in Province G. Especially the masters on Yandu's side, I have never seen them before. For a super master like Li Dao, he would not believe it.

You know, he is 42 years old this year, and he has broken through to the fourth stage of the Innate Realm. It is already very awesome. Now someone suddenly tells him that if someone is under 30, he is the Great Perfection of the Inborn Realm. Did he play.

In his understanding, this must have been propagated by Xuanyuan Three, in order to brighten his face, just like the right to hold the Kung Fu Cup this time, it is because the above believes the nonsense of Xuanyuan Three!

When he came to Province G this time, he was about to severely break the lies made up by Xuanyuan's three places.
