

## Chapter: 1481

Peng Zhuo gritted his teeth and made a decision, "Since instructor Lin has not come, then I will guard the honor of Xuanyuan three places!"

Sun Liang said immediately: "But Chief Peng, you haven't fully recovered from the injury you suffered last month. It's not appropriate to face Li Dao now!"

Last month, Peng Zhuo had suffered internal injuries during his mission. He is still not fully recovered. If Peng Zhuo played, his injuries would definitely be aggravated. Besides, Li Dao was better than him. If you go to war, then there is no difference from seeking a dead end!

Peng Zhuo smiled bitterly, and said: "Now, besides me, are there any other options? You are all in the fourth stage of the Innate Realm."

Everyone sighed heavily and their eyes darkened. Peng Zhuo was right. Now looking at the entire Xuanyuan three places, apart from Lin Ziming's metamorphosis, only Peng Zhuo was the master of the fourth stage of the Innate Realm. When they went up to fight with Li Dao, they would hit the stone with the pebbles.

In an instant, they all became angry and hated why they were so incompetent. After practicing for so long, they still have this cultivation level!

Peng Zhuo made a decision. He took a step and made a huge change in his aura. He was no more than Li Dao. His eyes were full of divine light and piercing. In that moment, the whole lobby was bright. a lot of.

"I'll come!" Peng Zhuo walked up to Li Dao, fighting boldly, and did not evade Li Dao's sharpness. As the chief director of Xuanyuan Third Division, at this time, the honor of Xuanyuan Third Division should be given by him. guard!

Li Dao laughed loudly, "Well, Peng Zhuo, you are finally willing to go off the court, I want to see, you, the so-called Xuanyuan, carry the handles in three places. How many catties are you!"

After speaking, he raised his momentum and directly overwhelmed Peng Zhuo, making Peng Zhuo feel the tremendous pressure.

At this moment, everyone in the three places of Xuanyuan was extremely heavy, because they knew that Peng Zhuo was definitely not an opponent, and Peng Zhuo was just to protect the honor of the three places of Xuanyuan. However, at this moment, when the war was about to start, the closed door was pushed open, and a slender man walked in, "Chu Peng, dealing with this kind of young man, it is not guilty that your old man will play in person."

What came in was a tall young man with a good-looking appearance, and he walked in unhurriedly, full of charm. At this moment, everyone's eyes were involuntarily attracted to him.

“Instructor Lin!”

The people in the three places of Xuanyuan saw the appearance of Lin Ziming, and they were stunned for a while, and then they all got excited, clenched their fists, like a drowning person, they found the straw, and they all exclaimed.

“Great! It’s Instructor Lin!”

“Hahaha, I know that instructor Lin will not abandon us. Now that instructor Lin is on the stage, what is a little Li Dao?”

“Of course, I don’t look at who instructor Lin is, a martial arts wizard who is rare in a thousand years, a congenital perfection who is less than 30 years old! You can slap Li Dao to death with one slap!”

“This Li Dao is over! Hahaha...”

At the same time, the people on Yandu’s side also found Lin Ziming and frowned.

Regarding the appearance of Lin Ziming, they had seen the photos when they were in Yandu, but they didn’t care much, because they didn’t believe that there would be great masters of the Innate Realm in the world who were less than 30 years old!

But isn’t it? It’s like someone said to them that a three-year-old child, who is already the world’s top scientist, can win the Nobel Prize, which is completely a fantasy. In their view, it was nothing more than a lie made up by the three places of Xuanyuan to get ahead, and it was a concept with the God-making movement.
