

Chapter: 1483

As Li Dao said these words, his aura became stronger and stronger, as if it had condensed into substance, making people unable to breathe. Even Peng Zhuo raised his eyebrows fiercely, feeling huge. The pressure caused by heart palpitations.

As for the others, it goes without saying.

One by one, like a big enemy, sweating with big drops.

But isn't it? In the Innate Realm, every other stage produces a huge gap, and the Li Dao is the peak state in the fourth stage of the Innate Realm. For Zhao Xia and the others, it brings The pressure is conceivable.

And the ones below the third stage of Innate Realm, let alone, they didn't even dare to look at Li Dao.

Everyone in the Yandu camp showed cruel smiles. They knew that Li Dao was powerful. Even in places like Yandu, they were ranked as the kings of the fourth stage of the Innate Realm. Dealing with the little one, Lin Ziming, was not a matter of grasping.

For a while, they all looked at Lin Ziming like a clown.

Lin Ziming laughed immediately, "A dead end? Even if it is the Great Perfection of the Innate Realm, I dare not say such things in front of me. You are a small fourth stage of the Inborn Realm, an ant-like character, dare to be at me. Let's put the words in front of you."

Then, he turned his head and said to Peng Zhuo: "Chief Peng, this guy, I killed him, will it make it difficult for you?"

Lin Ziming's words were calm and calm, as if they were just talking about an extremely ordinary thing, as if they were saying, I slap this fly to death, and it won't make it difficult for you to do it.

Peng Zhuo was stunned for a moment. He didn't even think that Lin Ziming would ask him like this. His first reaction was that Lin Ziming was joking, but when he saw Lin Ziming's eyes carefully, it didn't seem like he was joking, but he was serious. Suddenly, his heartbeat accelerated a lot, he swallowed, and said, "It's better to be merciful, and teach him a little lesson."

Peng Zhuo was really afraid. Lin Ziming directly killed Li Dao on impulse. Even if Li Dao was arrogant and defiant just now, he would still be a member of the military department. If Li Dao was shot directly to death, Lin Ziming would still There will be big trouble.

Lin Ziming nodded and said, "Okay, I see."

When everyone saw this scene, they couldn't help but be stunned. They felt that Lin Ziming was really too arrogant...No, it can no longer be described as arrogant, but absolutely arrogant, defiant, and even against Li Dao. Said it is a kind of incomparable humiliation!

Li Dao immediately twitched the corner of his mouth twice. As the master

of the fourth stage of the dignified Innate Realm, even in Yandu, he is a well-known big man. He entered the military department when he was more than ten years old, and he is now more than forty. At the age of thirty years, I don't know how many contributions he has made, let alone how many people have been killed and how many forces have been deterred.

But he had never suffered such humiliation before, and he was actually humiliated by a little Maotou who was less than 30 years old!

In an instant, his chest was filled with endless anger, and his eyes suddenly became red and bloodshot. He coldly Lin Ziming, clenched his fist, made a squeaking sound, in line with his The expression and the aura can be described as terrifying, it's exactly the volcano that is about to erupt!

The presence suddenly fell silent. Almost everyone was frightened by his appearance, and stepped back subconsciously. Anyone who knew him knew that his performance was truly irritating to Lin Ziming. It's murderous!
