

Chapter: 1503

On Lin Ziming's side, Shangguan Shuyao saw that Lin Ziming had not spoken, her face was stern. She held Lin Ziming's hand and said carefully, "Are you angry?"

Lin Ziming still didn't speak, and continued to walk forward. With his appearance, Shangguan Shuyao couldn't see what he was thinking.

Shangguan Shuyao gently shook Lin Ziming's hand, and said coquettishly: "Okay, I was wrong. I don't have to discuss it with you in advance, so don't be angry."

Her coquettish appearance is extremely lethal. If she were changed to another man, she would have been unable to withstand it long ago, and her bones would have been broken.

But to Lin Ziming, it can be said that she has no feeling at all, and she even feels that she is very artificial.

After coming out of the hotel, Lin Ziming directly shook her hand away, "I think about this matter tonight, for Shangfeng's sake, I don't care about it with you. In the future, you will find a chance to explain it clearly to Qin Long."

After finishing speaking, Lin Ziming strode away directly. As everyone knows, his indifferent appearance completely irritated Lin Ziming, making her annoyed all of a sudden, "Hey! You stop me!"

But how could Lin Ziming pay attention to her and continue to move forward.

This performance of Lin Ziming made Shangguan Shuyao gritted her teeth even more. You must know that she has always been the eldest lady. Her identity is more noble than Qin Long. It is not an exaggeration to call a princess. She is always embraced wherever she goes. The existence of clusters, like today, has been ignored so much.

She grew up, surrounded by flatterers, trying to please her in every way, for fear that she would get angry, where is Lin Ziming like this and just ignore her.

However, where Lin Ziming would take care of her, he walked in his own way. He didn't lie just now. If it weren't for Shangguan's stalwartness, he would have taught Shangguan Shuyao a long time ago because of his character. Just kidding, he would not be what he used to be. That useless son-in-law is now a real big man, a rare genius in a thousand years, and within five years, he will surely step into the realm of God.

Shangguan Shuyao saw Lin Ziming still not putting her in his eyes, stomped her foot, and shouted directly from behind: "Lin Ziming, if you don't stop, I will tell my grandfather that you are indecent to me!"

She shouted this loudly, and immediately let the people passing by look over. She was still wearing an evening gown, matching her appearance and

makeup. She was a first-class beauty. When many men saw it, their eyes lit up, showing stunning and coveting.

Lin Ziming frowned slightly. He had no idea that Shangguan Shuyao was so shameless and self-willed that he would dare to threaten him with this.

No matter how good his temper was, he couldn't help but feel angry now.

However, he took a deep breath and suppressed the anger, not as knowledgeable as Shangguan Shuyao.

However, he still underestimated the waywardness of Shangguan Shuyao, and Shangguan Shuyao shouted directly from behind: "Indecent, indecent..."

Her scream brought even greater lethality, and it immediately attracted more people's attention. There were even some courageous men who came over and wanted to catch Lin Ziming.

Lin Ziming's footsteps stopped, the corners of his mouth twitched twice, and the anger rose even more intensely.
