

Chapter: 1519

But isn't it? Originally, Lin Ziming was the heir of their Lin family, and he showed a lot of talent when he was a child, but because of their momentary mistake, they expelled such a genius from the Lin family, and in this way, Now it would be strange if they said they didn't regret it!

In addition to regret, they were also very scared. If Lin Ziming really wanted to avenge them, then they would be finished.

At this moment, they did not feel the pleasure of revenge at all, but shivered. As for this blonde foreigner, seeing the Lin family reacting and still looking so frightened, he became even more frightened. Under Lin Ziming's pressure, he had lost his dignity and kowtow directly: "Please forgive us... .."

He is very annoyed now, but there is no way he can do it, because he feels that the terrifying Chinese in front of him will really kill him.

Moreover, this is on the ground of the Chinese nation. This Chinese man really killed him, and most of it will be fine.

Lin Ziming frowned slightly. He coughed twice when he saw that the Lin family did not respond, and said, "Are you planning to forgive these foreigners?"

Lin Shanhe finally reacted, shook his head quickly, and said hurriedly: "There is no such thing, Ziming, I don't mean it, so it's all up to you."

The other Lin family members also said one after another: "Yes, Ziming, everything is up to you, ho ho, ho ho ho..."

Those elders who were originally aloof, now facing Lin Ziming, they dare not straighten their waists, and their speech gestures are humbled into the dust. There is no way, who can make Lin Ziming so strong, a master of the Great Perfection of the Innate Realm. Ah, they are still the chief instructors of Xuanyuan No. 3, with a high level of authority, they dare not offend at all. There is even a strong thought in my heart, that is to try everything possible to indulge in Lin Ziming, it is best to let Lin Ziming return to the Lin family, so that the Lin family can return to the ranks of the first family in Hwaseong every minute. !

Lin Ziming accepts as soon as he sees it. He has already taught these foreigners. If these foreigners are really killed, although it is not too much trouble, it will still cause some problems. There is no such thing. necessary. So he nodded his head and ordered Jin Jin Da Yang to compensate Lin's family for the loss. Now Jin Jin foreigners dare not say anything, so he bought 10 million U.S. dollars directly.

When the Lin family saw this check, they were completely stunned, and their feelings towards Lin Ziming were even more complicated and in awe.

Now the Lin family has long had its former glory, and the business has been falling, and has become a second-rate family in Hwaseong. This tens of

millions of dollars is also a lot of money for them.

However, Lin Shanhe gritted his teeth and dedicated the check to Lin Ziming with both hands. He also bent over and said respectfully: “Ziming, this one million check is your credit and should go to you, or You can accept it. We are very grateful that you can help us out.”

Now Lin Shanhe completely put down his posture and desperately to please Lin Ziming. Although this ten million is very distressed, he still decided to dedicate it to Lin Ziming for the sake of the overall situation.

He still has this pattern. In itself, this ten million is Lin Ziming’s credit. If there is no Lin Ziming, not to mention that they have received ten million in compensation, they will have to pay a large sum of money to go out. He can still tell right from wrong.

The other Lin family’s expressions were very distressed, but they didn’t stop it at this time.

Lin Ziming looked at Lin Shanhe without a smile, and said, “Patriarch Lin, you are generous, with ten million U.S. dollars. You gave it to me so easily.”
