

Chapter: 1539

Others are also gloating at Lin Ziming to see how Lin Ziming will react. As long as it is a normal person, under such circumstances, he will definitely feel the unprecedented humiliation when he is given such an unrelenting lesson. So as to do irrational things.

And they just waited for Lin Ziming to do irrational things, as long as Lin Ziming did irrational things, then they would continue to concoct Lin Ziming immediately, and it was easy to beat Lin Ziming severely.

Sure enough, Lin Ziming smiled when he saw Layton so confident. Originally, he didn't want to have the same knowledge as Layton, because he was already interesting to Murongxue. Now Murongxue is just for him. Just a former old friend.

Seeing that Murongxue had found the one he liked, he should be happy for Murongxue, but now Murongxue and Layton's operations really made him feel sick.

He laughed straight out and asked, "Is that right, if I refuse, I don't know how you are going to deal with me?"

When Leyton heard this, his face became more gloomy, with a grin on his face, he took a step forward, and the horses beside him also took a few steps forward and surrounded Lin Ziming. Leighton said, "Ho ho, if you dare to toast and not drink fine wine, then I suggest to teach you a bitter lesson!"

His eyes were full of threats and coldness, as long as Lin Ziming dared not to be obedient, he would shoot directly and beat Lin Ziming severely.

Lin Ziming laughed loudly. He was not angry, but he felt funny from the bottom of his heart. A small person like Layton dared to threaten him like this. It seemed that he was too low-key.

"Then I would like to learn your lesson." Lin Ziming also said with a smile, intriguing.

Originally, he didn't feel a little bit about a small person like Leyton, which was different from the ants on the ground. But if the ants have been disobedient and dare to bite him and provoke him, then he doesn't mind kicking him. Trample this ant to death.

Murongxue frowned. She saw Lin Ziming look like this. It could be said that the last trace of respect for Lin Ziming was thrown away, and there was only endless contempt and disgust for Lin Ziming.

Originally, she had planned that Lin Ziming was her childhood sweetheart anyway, but now Lin Ziming is down. As long as Lin Ziming corrects her position and gets along with her well, she is still preparing to say something nice in front of Layton. Arranging work for Lin Ziming.

But now it seems that there is absolutely no need for this, Lin Ziming is totally ignorant of good or bad, such a person, deserves to be down for a lifetime!

She directly said coldly: “Lin Ziming, I urge you to dismiss your idea of me. The current me is not something you Lin Ziming can climb!”

When she said these words, she was completely cold, she had no feelings for Lin Ziming at all, and only disgust and hatred were left.

Leyton heard these words, and the smile on his face became more intense, and he clasped Murongxue’s small waist tightly, and gave Murongxue a kiss, and then demonstratively challenged Lin Ziming. Raising the eyebrows is completely a gesture of a winner.

He was very satisfied with Murongxue’s performance, and there was nothing wrong with it, which made him feel more fulfilled than in the current situation.
