

Chapter: 1567

After Lin Ziming came out, he breathed a sigh of relief again. What happened just now really made him feel embarrassed and uncomfortable.

He was a healthy man who was actually hung on his body by a woman of the country's beauty and beauty, and held him so tightly. It is impossible to say that there is no feeling at all.

Especially Shangguan Shuyao's status is still so noble, as Shangguan's stalwart granddaughter.

However, he didn't even think that he usually seemed to be fearless, and that Shangguan Shuyao, who was so savage and wayward, had such a weak side.

Thinking of Shangguan Shuyao's panic and uneasy look just now, Lin Ziming shook his head and couldn't hate Shangguan Shuyao. Shangguan Shuyao was nothing more than a childish little girl.

This kind of woman has grown up in humiliation since she was a child, and she doesn't have any hardships. It's normal to develop such a personality.

Moreover, if Lin Ziming guessed correctly, Shangguan Shuyao would be so afraid of the dark, it must be a shadow left by his childhood.

Thinking of this, he doesn't hate Shangguan Shuyao anymore.

After returning home, it was late at night, because after being hugged by Shangguan Shuyao for so long, Lin Ziming had a strong scent. If Chu Fei smelled it, he would surely be able to smell it all at once.

So he didn't go home directly, but halfway through, he first found a hotel, took a shower, changed his clothes, and dared to go home after removing the scent from his body.

Fortunately, everyone in the family was asleep, and there was only a night light in the living room, which made Lin Ziming breathe a sigh of relief.

He didn't dare to enter the room directly. In order to prevent accidents, he went to the bathroom and took another bath before daring to return to the room.

Chu Fei was already asleep, especially quiet, Lin Ziming saw Chu Fei's appearance, and his heart was particularly at ease.

Going to bed lightly, hugging Chu Fei to sleep.

Such a dull and normal life is what he wants to live, but he doesn't know how long such a life can last?

On the side of the foreign leader.

After he was defeated by Lin Ziming, he ran away in a panic. Fortunately, a Chinese woman suddenly appeared and became his shield, blocking the footsteps of the Chinese. Otherwise, with his state at the time, it would be impossible to escape!

He kept running, running with all his strength, and after running for a few minutes, he was sure that Lin Ziming had not caught up with him, and there was no sign of him. He breathed a sigh of relief, stopped, and gasped for

breath.

Now he only felt that his body was falling apart, and he was seriously injured. Looking back on the battle with the Chinese, he couldn't help but shook his spirits. The Chinese was really terrifying! !

“Hua country, how could there be such a terrifying strong man, and still so young! Our beautiful country, there is no information! This is a huge mistake of the Intelligence Bureau!” The foreigner leader gritted his teeth and said with lingering fear.

If it were not for God's blessing, a Chinese woman suddenly appeared at the crisis, then he must have been arrested by the Chinese now.

In the battle just now, in front of the Chinese man, he was completely unable to fight back. The opponent was at least half a level higher than him!

The most important thing is that the Chinese looks extremely young, and his vitality is also extremely strong, definitely not more than thirty years old.

He couldn't imagine, what kind of training a young man under 30 has gone through to reach such a state at such a young age. This is really unscientific!

“You must bring this information back to the beautiful country!” In the eyes of the foreign leader, some light flashed. He realized that this time the Kung Fu Cup, their beautiful country, I am afraid it will be so easy to win the championship. .

Is it possible that China is really going to rise?
