

## Chapter: 1584

“What happened?” Lin Ziming asked curiously.

Immediately, they all began to babble, let Lin Ziming understand what happened at the opening ceremony just now.

“Instructor Lin, you were not there just now, and you didn’t see their arrogant faces, especially that Xie Zhongjing Junichiro, who is too presumptuous, and doesn’t even put our country in the eyes of China!”

“Instructor Lin, tomorrow is the start of the Kung Fu Cup, and you must teach them well and give us Hua Guo a long face!”

“I only hate myself for being useless, otherwise, I definitely can’t spare them.”

They looked like they were filled with righteous indignation and regarded Lin Ziming as a savior. After making Lin Ziming heard it, they also frowned, and their eyes were cold.

According to that, the group of people is indeed very excessive. It is simply unforgivable to dare to humiliate China in this way on the territory of China.

As a bloody Chinese, they can’t tolerate this kind of thing.

He nodded and said, “Don’t worry, I won’t lose face to Hua Guo if I have a chance.”

“Okay! Then count on Instructor Lin!”

“Instructor Lin must teach these foreigners a good lesson.”

“Fortunately, our Hua State Forestry Instructor!”

Lin Ziming nodded and agreed.

Soon, one day passed and the Kung Fu Cup officially began.

As this time, the Kung Fu Cup was held very grandly, and because of the need to cover ordinary people, the work in it was quite busy.

After everything was settled, Lin Ziming still admired Hua Guo. With this ability, he could handle the Kung Fu Cup properly without letting ordinary people know about it.

The previous Kung Fu Cups have been arranged according to their strength.

The people at the pinnacle of the acquired day are in the same group, the people in the first stage of the innate realm are in the same group, and so on.

Random rankings are used to play against each other in the same realm, and finally the top four in the same group can be obtained, as well as the power to challenge upwards.

In other words, the top four of the acquired peak are qualified to cross the boundary to challenge the masters of the first stage of the innate realm, and the top four of the first stage of the innate realm are also qualified to challenge the masters of the second stage of the innate realm.

And so on.

However, generally speaking, there are very few people who dare to leapfrog and challenge, because they are at a level and their strengths are

often quite different.

So in this way, the championship is almost produced in the hands of the innate realm of Dzogchen.

Of course, there is no shortage of people who hide their strength before the game, or those who break through in the battle, can leapfrog one level after another!

Lin Ziming probably took a look. In this competition, there are more than 200 masters of the Innate Realm. Among them, there are twelve masters of the Dzogchen in the Innate Realm.

This scale can be said to be terrifying!

You know, masters of the innate realm are rare in the world, not to mention the great consummation of the innate realm.

Lin Ziming looked at this list, he was still under a lot of pressure. The twelve Innate Realm Great Perfection masters, and the last one was a group fight. It would be too difficult and too difficult to want to be a manpower against a group of heroes. Even if he is the first person in the realm of the gods, it is even more difficult!

He is now curious, is he really the only one who is qualified to participate in the Dzogchen masters from the Chinese side?

He put a question mark on this.
