

Chapter: 1591

Lin Ziming said these words seriously, as if he was saying a mission of his own. After listening to it, everyone couldn't help but feel at ease. There was a feeling that as long as Lin Ziming said it, he would definitely be able to do it.

When Lin Ziming was just an ordinary person before, he had almost no concept of a country, and he didn't know his country and faced this kind of problem. If he still doesn't have the ability, then forget it, but now, he has grown up, growing under the stable hotbed of the country, and now it is time for him to give back to the country.

So he made a decision. In this Kung Fu Cup, he must win the championship, so as to build China's international reputation and fight for the motherland!

This is what he should do.

What happened just now, and now the atmosphere of the Kung Fu Cup is so weird. The warriors who were originally participating in the competition felt the strength of Lin Ziming, and they were a little wilted, and a huge sense of powerlessness developed in their hearts. With such a big mountain as Lin Ziming, it is almost impossible for them to win the championship!

As for the foreign masters of the Innate Realm, they also stopped talking one by one, and took a deep look at Lin Ziming, extremely jealous and shocked.

Even the great masters of the Innate Realm Dzogchen are now a lot low-key, and they don't dare to be as arrogant as they were just now.

Although they are also masters of the Innate Realm Dzogchen, everyone was bound to win this championship, but just now, after seeing Lin Ziming's shot, they really don't have any confidence now.

And they all regarded Lin Ziming as the most threatening opponent!

From now on, they will study Lin Ziming seriously, grasp Lin Ziming's information as soon as possible, and then grasp Lin Ziming's weaknesses.

This time the Kung Fu Cup prizes are too rich, especially the champion, who can qualify for the secret world. This is a rare thing in a lifetime. There is no one who does not want to get this opportunity, so they must win this championship.

Lin Ziming couldn't feel their thoughts, but he didn't take it too seriously. His action just now was to deliberately stand up.

Otherwise, he could just defeat Zhongjing Junichiro, there is no need to defeat Zhongjing Junichiro with a crushing and humiliating posture, and make himself a public enemy of the audience.

He did this, for one thing, it was for Liwei, and secondly, he also wanted to put more pressure on himself, and wanted to know where his limits were.

Now he is already invincible under the realm of the gods, and there are no opponents at the same level, and it can put him under pressure, but he can

single out several.

The competition system this time fits his liking.

Don't look at Lin Ziming's usually gentle and elegant appearance, but in his bones, Lin Ziming is a very crazy person, full of adventurous genes. Otherwise, no matter how high his talent is, it is impossible for him to reach the present state in such a short period of time.

Next, with the official announcement, the Kung Fu Cup will continue.

It soon returned to normal. Although this time the Kung Fu Cup championship is very attractive, in addition to the championship, like the runner-up, semi-finals, eight-finals, and even the top four prizes of each group are very rich.

Even if Lin Ziming booked the championship, they can still compete in other rankings.

Moreover, the atmosphere of the Kung Fu Cup is too grand and enthusiastic. This is a martial arts carnival. As long as they have some strength, have confidence in themselves, and are enthusiastic about martial arts, they will not want to waste such an opportunity!

You know, over the years, how many warriors have made breakthroughs in the Kung Fu Cup and achieved fame?
