

## Chapter: 1603

Lin Ziming immediately called Shangguan Shuyao and asked where she was now.

The first call did not get through. I don't know if Shangguan Shuyao deliberately didn't answer his call. Is it because of the last time that I was angry with him, or did I feel embarrassed?

Lin Ziming couldn't help thinking of what happened last time. He and Shangguan Shuyao did have a close contact, and finally he sent Shangguan Shuyao to the residence. That contact has exceeded the scope of ordinary friends. , Is the intimacy that only exists between couples.

Had it not been for the order from Shangfeng, he really didn't want to have any contact with Shangguan Shuyao, after all, he was a married man.

But now there is no way, he had to send a text message to Shangguan Shuyao: I am going to Yandu soon, your grandfather asked me to take you back with you, please call back when you see the information.

After sending the information, Lin Ziming put the phone back in his pocket, ready to contact the helicopter and fly to Yandu.

After a while, he received a piece of information on his mobile phone, opened it, and found that it was a reply from Shangguan Shuyao with nothing to say, so it showed an address. Shangguan Shuyao's intention was obvious, that he wanted him to pick up Guan Shuyao himself.

Seeing this kind of information, Lin Ziming felt a little headache. The main address, which is quite far away from him, takes half an hour to drive.

Fortunately, he defeated the Black Mamba just now and stood up again, otherwise he will be able to walk away for a while.

There is no way, Lin Ziming can only leave to pick up Guan Shuyao, hoping that this time, there will be no more moths.

On Shangguan Shuyao's side, after putting down the phone, the corners of her mouth rose slightly, revealing a happy smile.

Lin Ziming returned information to her, and he wanted to pick her up and return to Yandu...

She also doesn't know why she is happy, is it because she can see Lin Ziming again?

But she obviously hates that guy, this is a puzzling, wood-like guy who doesn't care about her beauty at all. And she was indifferent to her, not at all fascinated by her beauty and identity like other men. According to her personality, she should be disgusted with Lin Ziming. But in fact, she didn't hate Lin Ziming, but rather liked the feeling when she was with Lin Ziming. Especially after the recent close contact between her and Lin Ziming.

That night, she just appeared, and it was Lin Ziming who rescued her desperately, which caused the following things to happen, although she was very scared at the time and said a lot of disgusting things. But in fact, she

was very grateful to Lin Ziming. She knew that if it hadn't been for Lin Ziming's rescue, she would have died away. Not to mention, when she faced the darkness all by herself later, she was frightened like that, Lin Ziming comforted and protected her...

In the past few days, every time she thought of this incident, she would have an unspeakable emotion in her heart, her heartbeat would speed up uncontrollably, and Lin Ziming's figure in her mind would linger.

Several times, she couldn't help but want to contact Lin Ziming, but in the end she was controlled by her. It was not that she did not dare, but that she was reserved and felt embarrassed. But it doesn't mean that she doesn't want to see Lin Ziming again, but she has an inexplicable emotion, waiting for Lin Ziming to contact her proactively.

But Lin Ziming, the dead wood, didn't care about her at all, and didn't care about her feelings at all. After such a long time, he didn't even take the initiative to contact her, as if he had forgotten her. It's really disgusting!

In order to wait until Lin Ziming took the initiative to find her, she didn't leave the commercial house and lived there directly. She didn't believe that Lin Ziming would not come back!

If Lin Ziming doesn't come back, she will make a mess there.

It happened that a friend asked her today, and she agreed when she was upset. It was her group of friends in the capital circle, but Qin Long did not come.

If Qin Long was also there, she would not come.

"Shangguan, are you really with that guy?"
