

## Chapter: 1612

At the same time, in the helicopter, Shangguan Shuyao, who had been diving, saw the information. The corners of her mouth rose slightly, revealing a sly smile, as if she had found something fun.

She had been looking at the information in the group, knowing that they had already focused on Lin Ziming, and found it particularly fun. She didn't worry that Lin Ziming would be flat, because she had absolute confidence in Lin Ziming.

Moreover, if Lin Ziming was really making things difficult for them, in a sense, the relationship between them would be unclear.

Thinking of this, she secretly glanced at Lin Ziming, who closed her eyes and calmed down.

The more she gets along, the more she discovers that Lin Ziming is not simple, and he is full of secrets, especially mysterious, as if there are secrets that can be unearthed.

"Hey, what did you do when you returned to Yandu this time?"

Shangguan Shuyao put the phone away and asked curiously.

Lin Ziming still closed his eyes to rest up his mind, without opening his eyes, and said faintly, "Official business."

"What business?" Shangguan Shuyao asked gossiping again.

Lin Ziming didn't take care of her now.

Shangguan Shuyao rolled her eyes and said, "Hey, don't you want to propose to my dad! I'm telling you, it's impossible for me to agree to you, so don't be wishful thinking."

When Lin Ziming heard this, the corners of his mouth twitched twice and said, "You have a lot of imagination."

"Isn't it?" Shangguan Shuyao snorted, made a very arrogant look, and continued: "You just fell in love with my beauty, right?"

Lin Ziming knew that Shangguan Shuyao was deliberately teasing him, so he didn't say anything.

After falling into a brief silence, Shangguan Shuyao saw that Lin Ziming was not fooled, and ignored her, her eyes rolled a few times, and said, "Hey, where did you learn martial arts? Teach me? I can. Here is your tuition."

Shangguan Shuyao finished speaking, and reached out to touch Lin Ziming's arm. Lin Ziming was shocked. He opened his eyes and glared at her and said, "What are you doing?!"

"Let me take a look at your muscles." Shangguan Shuyao said naturally.

When Lin Ziming saw her like this, he knew that Shangguan Shuyao was teasing him. If he didn't say something, Shangguan Shuyao would not let him go. He suddenly regretted it, why did he take the same plane as Shangguan Shuyao.

"I practiced with a famous teacher."

“Which famous teacher?”

“You do not know.”

“Then teach me.”

This kind of dialogue continued. Shangguan Shuyao had endless questions and kept asking Lin Ziming. In order to deal with her, Lin Ziming also said nothing.

Finally, after a while, the plane finally arrived in Yandu. Landed directly in the courtyard of Shangguan’s house.
