

Chapter: 1618

After eating a breakfast, Shangguan Wei'an smiled and said, "Instructor Lin, are you okay as a rest?"

Lin Ziming put down the tableware, smiled and nodded, and said, "Well, I have a good rest. There is a purple nobleness that is not found in other places. No bad breath can penetrate here. Living here is very special. Peace and tranquility."

Shangguan Shuyao immediately said, "Fuck you."

Shangguan Wei An immediately glared at her and said, "Girl, how do you talk?"

Shangguan Shuyao looked at other places, disapprovingly, and tricking Lin Ziming had become her habit.

Of course Lin Ziming would not have the same knowledge as her, and Lin Ziming had known her character a long time ago.

Lin Ziming is not trying to flatter, but to seek truth from facts. Shangguan's family can be said to be the most noble family in the entire China. Anyone who lives here will feel quiet. He even has a feeling that if he stays for a long time and feels the royal nobleness of Shangguan family, his cultivation level will be further refined.

Of course, this kind of thing is unrealistic. Shangguan's family is not an ordinary family. It is an honor for him, an outsider, to come in and stay for one night.

Shangguan Diyi immediately said, "Instructor Lin still knows Feng Shui?"

Lin Ziming said neither humble nor arrogant: "Understand a little bit."

Then they exchanged greetings for a while, and then almost met, Shangguan Wei An began to enter the subject, "Instructor Lin, this time I called you to come here, I believe you have also guessed."

Lin Ziming nodded, his expression serious.

Shangguan Wei An continued: "This Kung Fu Cup is of great significance. The champion can get a chance to go to the secret realm. Instructor Lin, do you know this?"

"knew."

"Well, in this session of the Kung Fu Cup, almost all young elites from all over the country have come to participate, and they are all rushing for the championship. Once you enter the secret realm, after you come out, you will have many opportunities to be promoted to the power of the gods."

Shangguan Wei'an began to elaborate, explaining the importance of this Kung Fu Cup championship to Lin Ziming.

In fact, Lin Ziming had heard of these things from Peng Zhuo and General Qin. However, after hearing Shangguan Wei'an say it again, he still felt differently.

From Shangguan Wei'an, I understand more about the passive status of

China in the international arena.

Especially from the beautiful country. In recent years, the biotechnology of the beautiful country has developed rapidly, and many masters have emerged, constantly putting pressure on China. In addition, the beautiful country has also united many powers in the world, and has been suppressing it internationally.

Now Hua Guo keeps retreating, and the situation is already very bad.

So now Hua Guo is very urgent to come out again with a strong power in the realm of God.

And what shocked him most was that he received a shocking message from Shangguan Wei'an!

That is, Huangpu Dao, the military god, actually has flaws in the technique, and will enter a period of decline after a period of time. Originally, this secret was only known to a few people, but now, I don't know who it came from. Leading the strong in many countries to know this message.

Once that time is reached, the military god and his old man has entered a period of decline and cannot protect China. Then China will inevitably be under siege!

Although it is said that there is still a Saint King Luo Tian in China, Saint King Luo Tian is not a member of China, and there is no one in China who can command Saint King Luo Tian. And the most important thing is that Saint King Luo Tian is too old, no one knows how long he can live.

If it hadn't been for the last time on Junlin Mountain, the God of War had fought him once, and many people would have thought that he was dead.

So to sum it up in one sentence, Hua Guo is bound to win the Kung Fu Cup champion.

And this important task fell on Lin Ziming.
