

Chapter: 1623

Lin Ziming has not heard of someone threatening him with his family for a long time, and he has always been the most annoying, and hates others for threatening him with his family. Because his family has always been his reverse scales, dragons have reverse scales, and they will be killed if they touch them!

Now Qin Long and their second generation ancestors actually threatened him with their family members. To be honest, he was really angry.

At the beginning, he didn't have too much to put Qin Long on him. After all, for him, no matter how good his background, Qin Long was only a second-generation ancestor, and he was not at the same level as him. Even in his opinion, Qin Long is almost like a child. For an adult, how can he be familiar with a child. Moreover, he and Shangguan Shuyao had a very innocent relationship.

But now, Qin Long opened his head, like a bear kid who likes to die. He did something wrong, so he doesn't mind to discipline the bear kids for the parents of the second generation ancestors.

"Threat my family? Very good. I remember that it has been a long time since anyone dared to threaten me with my family. You are very good, you are very good." Lin Ziming said this, with a smile on his face, but his smile It's horrible and chilling.

Most obviously, the two young men were shaking with fright now, as if they had seen the most terrifying thing in the world, and their bodies were trembling constantly.

Just kidding, Lin Ziming is not an ordinary warrior, he is the number one strong under the realm of the gods, and even a great man like Jian Rushuang who has dominated for many years is defeated by him. Not to mention the two second generation ancestors in front of him, and the background of these two second generation ancestors is obviously not as good as Qin Long, or else they would not be Qin Long's running dogs.

Therefore, facing Lin Ziming's murderous intent, their minds are already blank. The whole person is shrouded in immense fear, and they hurriedly begged for mercy, "No matter what we do, it's not that we want to threaten your family... Qin Long and the others, they threatened..."

"Really?" Lin Ziming suddenly showed a bright smile, but this smile, in the eyes of the two young people, did not have the slightest warmth, on the contrary, it was full of coldness and terror, so scared that they could not speak clearly. Up. I had to keep begging and crying for mercy there.

They have never faced such a terrifying pressure before, and it is completely beyond their ability to bear, and this is already within Lin Ziming's control. If Lin Ziming exudes all his aura, he can directly control them. Scared into an idiot. Even brain death.

Lin Ziming was too lazy to be familiar with these two ants, and said directly, "Now take me to a banquet, I want to see, what do you have three heads and six arms!"

"Yes Yes!"

When they faced Lin Ziming, they were already completely unable to resist. Even if they were suffering from physical pain, they didn't dare to refuse a bit, and quickly got up with difficulty, went to drive, and carried Lin Ziming over.

Now they have regretted it to the extreme. They knew that Lin Ziming was so awesome, and they wouldn't care about Lin Ziming's trouble if they killed them.

It's all right now. They have offended Lin Ziming, such a great demon, and their life is not easy.

The car accident that happened just now caused them serious injuries, but they were beaten by Lin Ziming again, and now they are even more painful. So when they drove, they were also very hard, but they didn't dare to scream, and drove the car cautiously, even completely afraid to look at Lin Ziming behind.

They can only make eye contact carefully.

Expressed their regret and fear of Lin Ziming.

However, they slowly recovered their composure, although the power that Lin Ziming showed just now was terrifying. However, this time Qin Long and the others specially set up a feast for Lin Ziming, and they were also called masters who are famous for Yan. They were not afraid that Lin Ziming could escape!

Thinking of this, they slowly calmed down.

Lin Ziming naturally saw their thoughts, but he didn't say anything. In fact, he didn't care about it at all.
