

## Chapter: 1636

After seeing this scene, Qin Long and others breathed a sigh of relief. At the same time, they felt lingering fears. If the little Valkyrie hadn't appeared in time just now, Lin Ziming, a lunatic, might really do what they would do!

Now they have absolutely no resentment towards Lin Ziming, because they all realize that Lin Ziming and them are not at the same level, regardless of whether they are princelings, but they are still inferior to the super strong like Lin Ziming. Too much.

They finally figured out why Shangguan Shuyao, such an arrogant woman, would like Lin Ziming.

Lin Ziming didn't care about the thoughts of these people, just like the lion doesn't care what rabbits think. He only has the little warrior in his eyes, and his pupils flashed some warfare, and said, "We have two tricks."

Little Wu Shen shook his head and said, "I am not your opponent."

When everyone heard this, they were surprised again. What? They didn't hear it wrong, the little Wushen took the initiative to admit that he was not Lin Ziming's opponent? Is Lin Ziming really that strong?

Especially Master Wu, as a master of the Great Perfection of the Innate Realm, and the only person present who has seen the little Valkyrie take action, he knows the horror of the little Valkyrie best. If he fights against Little Valkyrie, there will be no three tricks at all!

But even the Little Valkyrie thought he was not Lin Ziming's opponent? The key point is that Lin Ziming is still so young. After a few years, who can hold Lin Ziming down!

Lin Ziming said, "If you have played before, how can you tell if you are not an opponent?"

Little Valkyrie didn't answer his question. Instead, he changed the subject and said, "This time the Kung Fu Cup, the only person in China who can handle it is you. I don't have anything to help you. Jue Xue tells you that I hope you can win back the championship for China."

Hearing these words, Lin Ziming was surprised again. Little Wushen actually wanted to teach him his unique skills? This is too magical!

However, he quickly saw sincerity in the eyes of the little Valkyrie, not a joke.

He thought for a while, nodded, and said, "I won't disappoint you."

"That's good." A gratified and honest smile appeared on the face of the Little Martial God, and immediately after that, he shot Lin Ziming without warning.

This shot made everyone feel very confused. Didn't the Little Valkyrie just say that he was not Lin Ziming's opponent? Why did he take the initiative again now, this is a sneak attack?

Only Master Wu understands the meaning of the Little Valkyrie. His eyes

flickered wildly, and finally he sighed with emotion: “No wonder I am not as good as the Little Valkyrie. This vision is really impressive!”

Master Wu still didn't understand that Xiao Wushen was going to evolve his unique knowledge for Lin Ziming. As for a master like Lin Ziming, just read it once and appreciate the way the Little Wushen used his power to replicate the skills of the Little Wushen.

Lin Ziming naturally understood this too, his eyes became sharp in an instant, and he began to fight with the little martial god.

There was no big movement in their fight this time, far less than the destruction caused by the fight with Master Wu just now. They seemed to be just playing.

However, only they knew about the dangers between them, and at the same time, the Little Valkyrie also used this method to punch out the essence of his martial arts for Lin Ziming to learn.

Even their movements are getting slower and slower, and finally become the slowness of a grandpa playing Tai Chi in the park.

It lasted for half an hour before stopping, and finally Lin Ziming let go, bowed to the little warrior, and said sincerely: “Thank you!”
