

Chapter: 1642

“My master is right. You are indeed not in the same order as him. My master can beat you with just one finger!” Yang Guiying said happily, “Yao Wei, you just thought that my master was really scared. It’s you, he just doesn’t take you to heart.”

When these words fell, Lin Ziming knew immediately that it was going to be bad.

Sure enough, Yao Wei had restored his natural complexion, and immediately became difficult to look, and it was still much uglier than before!

He became even more annoyed and hostile to Lin Ziming, and said with a furious smile: “Oh, isn’t it? From this point of view, your master is crazy, he can defeat me with just one finger! The masters of the Great Perfection don’t dare to say such arrogant words! Originally, I thought that everyone was a friend, and I was too lazy to care about it. From this point of view, I had to do something.”

The others were all hostile, staring at Lin Ziming with annoyance, thinking that Lin Ziming was too pretending to say that Yao Wei could be defeated with just one finger? You know, Yao Wei is also a master of Innate Realm. Although his strength is a little worse than Liu Xu, he is also very famous in Hwaseong!

As for who Lin Ziming was, they had never heard of it.

Lin Ziming glared at Yang Guiying again, now he was a little annoyed, this girl was too self-willed, and he clearly didn’t put him as a master in his eyes! But soon, from Yang Guiying’s eyes, he saw some cunning and grievances. It seemed that he was complaining that he had disappeared for so long. He had accepted her as an apprentice before, but he had never taught her martial arts.

In this regard, Lin Ziming was also quite helpless.

At the beginning, he didn’t even want to accept Yang Guiying as a disciple. It was only because of mishaps that he became Yang Guiying’s master in a muddle.

In order to avoid Yang Guiying, Lin Ziming did not answer her calls all the time. Now it seems that he was resented.

Seeing this look in Yang Guiying’s eyes, Lin Ziming gave a wry smile, and was too lazy to see Yang Guiying in general.

Said to Yao Wei: “Just forget it, you are not my opponent.”

He was already talking clearly, and at the same time he released a little breath, which was enough to scare Yao Wei.

Sure enough, after Yao Wei felt his aura, he immediately tightened his muscles, and his relaxed eyes suddenly sharpened!

Because he felt that Lin Ziming’s aura was terrifying, it was not at all an

acquired peak, but an innate realm!

Even better than him, almost reaching the level of Liu Xu's.

Yao Wei said immediately, "You are also a master of innate realm?!"

His tone was full of shock and fear.

The innate realm is a threshold for ordinary martial artists, and most martial artists, if the opportunities and talents are not enough, will not reach the innate realm in their entire life.

And Lin Ziming in front of him was actually a master of the innate realm, and his age was between them. How could this not surprise him.

You know, at his age, stepping into the innate realm, he is already called a genius by the warriors in the circle!

As for Liu Xu, he is even more of a genius among geniuses!

Not just him, even Liu Xu frowned now, his eyes sharpened suddenly.

Lin Ziming accepted it as soon as he saw it, and didn't let out all his aura, otherwise, it would be enough to scare these young people into a faint.
