This is because Lin Ziming's aura is too strong at this moment, his 'general trend' has been brewed successfully, and now he has the foundation to aspire to the gods.

It is no exaggeration to say that he is now the number one powerhouse in the realm of the gods, not self-proclaimed, but a real existence!

Especially, his mental power is so powerful that it is at least one level stronger than people at the same stage.

If it were to be said that before his 'general trend' had brewing success, he was only the strongest at the same stage, but now, he is one level stronger than other innate realm Dzogchen masters!

But for those strong foreigners, it is absolutely bad news!

At the moment, the foreign leader Johnson's face changed drastically, and his scalp was a little numb: "No! This Chinese has really become a big trend, and his aura is much stronger. Now any of us can't be his opponent. He is absolutely invincible at the same stage!"

"Damn it! Damn it!" Hei Mamba gritted his teeth and cursed. He looked at Lin Ziming's eyes, not only full of jealousy and resentment, as a strong man of innate perfection, he has always They are all looking for his own 'potential', and have always wanted to brew his own 'general trend', but he has never had this opportunity.

As a result, now, he was watching his opponent and did what he dreamed of. How could he not be jealous, how could he not be mad!
