

Chapter: 1699

Solomon's speed was too fast, and it was impossible for Lin Ziming to avoid it within such a short distance.

In fact, Lin Ziming didn't even think about hiding.

So Solomon's kick hit Lin Ziming hard and heard a loud bang.

And from the place where Lin Ziming and Solomon were in contact, a huge noise erupted, and it spread out!

Spread the audience.

Under the ring, people who were relatively close were swept by this huge wind and waves. At that moment, even many people couldn't open their eyes.

This foot is really too heavy, and it brings such a huge movement, let alone a person, even a tank will be kicked!

The people in the spectator stand all squeezed a sweat at this moment, and they were all worried for Lin Ziming. At this moment, their heartbeats seemed to have stopped.

For foreign warriors, they are cheering, especially Johnson, who knows Solomon's horror best. Solomon is the product of the most advanced biotechnology in the beautiful country, and his strength is extremely terrifying. Even if he is, he is definitely not Solomon's opponent.

Now when Lin Ziming was weak, he was successfully attacked by Solomon. With such a heavy kick on Lin Ziming, he didn't believe that Lin Ziming was safe and sound, at least seriously injured!

The most important thing is that Lin Ziming is still condensing the general situation. After being attacked like this, he will definitely be backed by the general situation. By then, Lin Ziming will definitely be seriously injured, or even helpless!

Solomon succeeded in hitting his hand with a smug smile on his face, thinking that Lin Ziming was definitely going to die this time.

However, his questioning smile didn't last long, and he felt something was wrong. Lin Ziming only stepped back. Other than that, there was no discomfort, hematemesis and screams.

Lin Ziming raised his head at this time and looked at Solomon, showing a sly smile, that kind of smile, where is there any injury, it is a smile of successful strategy!

"Not good!" When Solomon saw Lin Ziming's smile, his heart suddenly jumped!

Subconsciously, he thought of retreating.

But he couldn't figure out why he just kicked Lin Ziming with the pinnacle kick, Lin Ziming would not be injured, this is totally unscientific!

However, at this moment, Lin Ziming spoke, "You are going to take action first, and I can safely kill you now."

After this sentence fell, Lin Ziming moved instantly.

Lin Ziming's movement was not a sign. On the contrary, Lin Ziming greeted Solomon in advance.

Moreover, from his body, a monstrous wave burst out, like a landslide and tsunami, sweeping the audience, and more often, to suppress Solomon!

Solomon's pupils shrank in an instant. Without any hesitation, he just stepped back and wanted to jump off the ring.

Although he didn't know why Lin Ziming had resisted his kick and was unharmed, what he can be sure of is that he is definitely not Lin Ziming's opponent if he can speak one-on-one.
