

## Chapter: 1708

“What?! Instructor Lin, are you making a mistake? According to the information, this person is only a master of the third stage of the innate realm.” Peng Zhuo asked immediately in surprise.

Li Dao also said immediately: “Yes, this Danielt, in the last match, the opponent was a master of the third stage of the Innate Realm. He also won very hard. How could he be a master of the Innate Realm?”

“Instructor Lin, did you make a mistake?”

Many people wonder if Lin Ziming made a mistake.

However, Lin Ziming’s expression was extremely solemn. He took a deep breath and said in a deep voice: “It is impossible to make a mistake! This Danielt is a master of Dzogchen in the Innate Realm, and even in Dzogchen in the Innate Realm. Among them, it can be regarded as a very powerful existence! Danielt, it should not be his real name, what he looks like now is not what he really looks like!!”

Then, he took a long and deep breath, and uttered a word, “He is pretending to be a pig and eating a tiger. He is here to hunt Instructor Xiao!”

Everyone couldn’t help but feel his scalp numb when they heard what he said. If this is the case, then Xiao Cangmang is indeed dangerous.

Xiao Cangmang, as the master of the third stage of the Innate Realm, could not be the opponent’s opponent anyway!

However, someone immediately discovered a logical loophole, “Instructor Lin, the explanation is unreasonable. If this Danielt is really a master of Innate Realm Dzogchen, why should he hide his identity and target Instructor Xiao?”

The logic of this person is very simple. Indeed, it is impossible for a master of Innate Realm Dzogchen to calculate a master of the third stage of Innate Realm, which is too shameful.

Lin Ziming said something deeply: “You forgot, why did they kill Yao Wei and others?”

When they heard Lin Ziming’s words, they suddenly realized it!

Yes, the purpose of this Danielt is Lin Ziming.

As long as the Hua Guo players continue to be killed, the impact on Lin Ziming will be great.

Moreover, Xiao Cangmang is still Lin Ziming’s colleague, and he has a close relationship. If Xiao Cangmang was really killed in the ring, then it is absolutely impossible for Lin Ziming to be unaffected!

“This is how to do?”

“What else can I do, let Instructor Xiao surrender quickly! You can’t lose your life!”

“I’ll talk to Instructor Xiao now.”

Lin Ziming sighed when he saw them so nervous. He knew that Xiao

Cangmang's death was already inevitable.

Zhao Xia also wanted to run to the ring immediately to remind Xiao Cangmang, but it was too late because the game had already begun.

Xiao Cangmang didn't even see Zhao Xia running. At the moment the game bell rang, he discovered that he was locked by his opponent. At that moment, he felt that a powerful mental force was locked. He caused his thinking to stagnate, and his heartbeat stopped at this moment.

Even in front of him, they lost their color in an instant.

He realized in an instant that the opponent's strength was far above him.

His hands and feet began to become cold, and he subconsciously called out to admit defeat, but his movements were still slow. Almost the moment he was about to shout, he was choked by his neck, lifted up high, and then heavily. The ground hit the ground, and the whole person was fainted in pain.
