

Chapter: 1742

This time the Kung Fu Cup champion's reward, in addition to the qualification to the secret realm, is that it can be obtained, and it will be mentored by the God of Hua**, Adam of the Beautiful Country and the Queen of the Eagle Dog Country.

And this pointing value is also very huge.

But now, Adam of the beautiful country has come directly to the scene and threatens him?

Combined with the hostility he had just received, he can be sure that the person just now is the Adam of the beautiful country!

And this Adam, obviously had no good intentions, and wanted to kill him by surprise.

This is really despicable and shameless, there is no style of a strong person in the gods, and even this is already a violation of the rules of the Kung Fu Cup!

It is conceivable that if he had not already reached the half-step psychic state, just Adam's just now was enough to hurt him. If it is more serious, it is not possible that an irreversible sequelae appears in the brain!

Thinking of this, Lin Ziming's face was not good, and he snorted heavily.

His gaze swept across the audience, and he turned out to be actively looking for the powerhouse of this beautiful country.

Shangguan Wei'an immediately narrowed his eyes and said meaningfully: "Mr. Tsolang, you'd better make it clear, Mr. Adam, why do you want to see Instructor Lin! Is this planning to despise the rules of the Kung Fu Cup and attack Instructor Lin?!"

Tsolang just shrugged and said with a smile: "Mr. Shangguan, what are you doing so nervously? Mr. Adam just appreciates Instructor Lin, not what you want to do. Relax."

Shangguan Wei An snorted, and he didn't have any more words. He made a plan and immediately contacted the military god Huangpu Dao to protect Lin Ziming. Otherwise, if something happens to Lin Ziming, it will be too late.

With the style of the beautiful country, seeing such a powerful seedling as Lin Ziming, it is really possible to do that kind of shameless thing.

He had to guard.

At this time, Lin Ziming laughed and said, "Mr. Tsolang, Adam is on the scene. Since he wants to see me, why not come out directly?"

Hearing Lin Ziming's words, everyone was shocked. Adam has come to the scene?

After this sentence fell, the senior officials in China became even more nervous, especially Shangguan Wei An, who directly frowned tightly.

Not only the high-level officials of China, but also the high-level officials of

many other countries, they are also waiting for them. The bodyguards responsible for protecting them are even more like enemies. Many people still put their hands on their waists and are ready. The wind is blowing, immediately take out the gun and shoot the target!

When Lin Ziming saw their reaction, he immediately realized what it meant for Adam to come to the scene...
