

Chapter: 1765

Everyone was a little worried at first, but now they heard the words of Little Valkyrie, their faces became even more ugly.

A heart is also raised.

Lin Ziming was their last hope. If Lin Ziming really fell, the blow to them would be extremely huge.

Moreover, what Romer said just now is also quite right. Lin Ziming's realm has improved by leaps and bounds in the past month because of the consolidation of the general trend and the national destiny of China. This is a double-edged sword that is both prosperous and prosperous. If Lin Ziming stepped into the realm of Tongshen, then the Chinese National Games would be even more intense.

However, if Lin Ziming falls, then China will also be implicated.

"No! He must be fine!"

At this time, a voice rang, it was Shangguan Shuyao. She clenched her fists, her face was flushed with some ruddy, her eyes were extremely sharp and determined, "He is Lin Ziming, he will not lose!"

Everyone fell silent when they heard her.

At this time, Shangguan was not easy and didn't bother to talk about Shangguan Shuyao, because he was also full of worry.

At the same time, in a corner of the Kung Fu Cup, some people were worried and prayed for Lin Ziming.

"Lin Ziming, you can definitely do it, I believe you!"

It was Ouyang Yanran. She clenched her fists and stared at Lin Ziming, but the worry in her eyes couldn't be wiped away.

Yang Guiying was also cheering for Lin Ziming, her face was rosy, and she even wished she could give Lin Ziming a little bit of strength.

Not only them, but many people also cheered for Lin Ziming, encouraged and prayed.

At this time, they heard a word full of confidence and determination, "He won't lose, he will definitely win. Don't worry."

The sound was so pleasant to the ears that it immediately attracted a lot of people and looked over.

Soon, they saw a beautiful, graceful, graceful and graceful woman with a smile on her face and her eyes full of love and pride.

When she saw this woman, Ouyang Yanran suddenly felt familiar, as if she had seen it somewhere.

Ouyang Yanran has always been confident about her appearance, but when faced with this woman, she suddenly developed some low self-esteem. Whether she was looking, temperament or talking, she seemed to be suppressed by this woman.

She couldn't help but asked, "You are?"

The woman turned her head and showed a bright smile to Ouyang Yanran, and said, "My name is Chu Fei and I am his wife."

Boom, Ouyang Yanran's brain exploded when she heard these words, she was stunned and stared at the other side in a daze.

Yes, this woman who appeared suddenly is not someone, it is Chu Fei!

Although Lin Ziming had told her that today was the championship, she also knew about it, because she was also a martial artist, and he knew about the Kung Fu Cup.

She also didn't tell Lin Ziming that she would come over, but she came over by herself.

How could she miss such an important thing?
