

Chapter: 1778

She knew that the most correct thing she had done in her life was to choose to stand up and live and die with Lin Ziming. It was also at that moment that she opened Lin Ziming's heart...

However, to Lin Ziming in the ring, he also showed a smile. At this moment, he once again felt the existence of the 'general trend', and the hearts of warriors across the country were connected with him.

This feeling is very beautiful and very rare. He even felt that the 'national destiny', which was invisible and intangible in the darkness, became even more entangled with him.

He understands that he is in closer contact with China.

From now on, he is not just a warrior of China, he is also the soul of China, the representative of China, and the pioneer of China. He has this obligation and responsibility to lead China forward.

The Chinese mother gave him nourishment and allowed him to grow up to this point quickly. Then, after he grows up, he should back-feed the Chinese mother.

That's good, he smiled happily from the bottom of his heart.

And his smile was also captured by the camera and spread to the world.

Some people are happy and some are sad. For Romer and others, that is a terrible news!

"Damn! Damn! Damn!!!"

Zhongjing Junichiro's eyes were splitting, and he shouted loudly.

He had a terrifying and savage expression now, clenched his fists, and stared at Lin Ziming steadily. At the same time, his face was no longer relaxed and calm, instead it turned into panic and fear.

Lin Ziming's strength really exceeded his expectations!

He knew how powerful Lefsky was, and he was beaten to death by Lin Ziming.

Especially Lin Ziming's method just now is completely beyond the reach of Dzogchen in the Innate Realm!

The original seven people's combined attack, now there are only five of them left.

So can they really defeat Lin Ziming?

To be honest, they were really panicked at this moment, and they really started to fear, and some even started to think of shrinking from it.

You know, they are masters of the Great Perfection of the Innate Realm. They were originally the geniuses among all mankind, and they have fought countless times throughout their lives. Everyone has a certain victory in their heart, an invincible seed.

But now this seed was severely crushed by Lin Ziming!

Lin Ziming has completely become a devil in each of them, that is to say,

when they get into a demon one day, then their devil is not themselves, but Lin Ziming!

Of course, whether they can survive is still a question.

After finishing this, Lin Ziming just patted his sleeves faintly, as if he had just done a trivial thing, and even his body was not stained with Lefsky's blood.

At best, it looks a little bit dusty.

Next, he turned his gaze on Romer and Junichiro Nakake, smiled, and said politely: "Are you all ready to be killed by me?"

When they heard Lin Ziming's words, their faces were green and they wanted to say something cruel, but they found that they couldn't say anything, because their guts had been beaten by Lin Ziming for fear.
