

## Chapter: 1793

“Nuwazong?”

Lin Ziming expressed his doubts.

The woman named Liu Qingcheng said, “Instructor Lin, have you ever heard of our Nuwa Sect?”

Her expression also had some suspicions. In her opinion, someone at the level of Lin Ziming should have heard of Nuwazong.

Lin Ziming also felt quite puzzled when he saw her expression, so he asked, “Your Nuwazong is very famous?”

Liu Qingcheng was choked by Lin Ziming at once, and she didn’t know what to say for a while. In her opinion, as long as she reported the title of Nuwazong, she believed Lin Ziming would be polite to her.

However, instead of being polite to her, Lin Ziming became even colder. Her first reaction was that Lin Ziming was teasing her.

However, Lin Ziming had already said so, and she had no choice but to explain: “Nuwa Sect is a sect established two hundred years ago, and among the many schools in the world, it can be considered to be ranked high.”

After a pause, she couldn’t help asking: “Instructor Lin, have you really heard of our Nuwa Sect? Although our Nuwa Sect is not comparable to the Four Martial Arts, it’s okay, right?”

Having said this, Liu Qingcheng also felt a little depressed, and their Nuwa Sect was considered one of the more famous sects. But Lin Ziming hadn’t heard of it at all. If this were heard by other seniors in the sect, he would definitely be very angry.

However, Lin Ziming still shook his head, indicating that he had never heard of it.

Not only did he have heard of Nuwazong, he hadn’t even heard of the four sects, what’s the situation?

This is a modern society. The world is divided into powers by countries, so where is the concept of sects?

What about the four sects? Lin Ziming’s first reaction felt that the other party was bullshitting, and it was most likely a spy from which country.

And this possibility is very high.

After all, he has just won the Kung Fu Cup champion, and he will have the opportunity to enter the secret realm. He is still condensed with a part of the national fortune of China. It can be said that he is a hot character. I am sure that any country has something for him. ‘Interested’!

Thinking of this possibility, his eyes became much colder. In an instant, a lot of thoughts flashed in his mind. The most sensible thing was to capture Liu Qingcheng directly and hand it over to the organization.

In this way, it is also a credit.

After this idea came out, it could no longer be contained.

And Liu Qingcheng also quickly felt Lin Ziming's thoughts, her face immediately paled a lot, and quickly said, "Instructor Lin, please calm down! I am really hostile to you!"

Lin Ziming didn't pay attention to her, but continued to walk towards her, "You should talk to the organization about this."

When the voice fell, he would take action and directly arrest Liu Qingcheng. Faced with Lin Ziming's attack, Liu Qingcheng immediately panicked and anxious, her body twisted with a strange movement, and she actually escaped Lin Ziming's capture, which made Lin Ziming let out a cry, surprised.

You know, he is only half a step away from the realm of God, and only half a step away from the real realm of God. Even if he only used 20% of his power just now, no one can dodge it. Only the super-powerful of the Innate Realm Dzogchen can dodge under the situation just now.

Now Lin Ziming has become more determined. This woman named Liu Qingcheng seems to be no more than thirty-five years old and has the strength of the Innate Realm Dzogchen. This talent can be said to be terrifying!
