

Chapter: 1823

When Du Wei touched Lin Ziming's eyes, he immediately slapped his spirits, and his whole body was a little cold.

What kind of eyes are that?

Du Wei really couldn't describe it in words for a while. At this moment, Lin Ziming didn't feel like a person anymore, but a god of death.

Du Wei's scalp was numb, and his brain went blank, as if his soul had been caught by Lin Ziming. He had no idea of resistance at all, and he immediately blurted out, "Three years! I have been lurking for three years. ...Senior don't kill me, please don't kill me, please...uuuuu..."

Du Wei was beginning to suffer, and he sobbed, completely collapsed.

As for his performance, everyone present was completely shocked, and everyone had no idea that it would end like this.

The incredible Du Wei was scared to cry? This is too unreal.

Three years...

Lin Ziming's eyes became even colder, because he felt a strong smell of blood from Du Wei's body. Obviously, many people died on Du Wei's body. As a result, most of the people who died in Du Wei's behavior just now were ordinary people in the country and society.

Lin Ziming was never a merciful person. He was never merciful to a murderer like Du Wei. At this moment, he had a strong murderous intent on Du Wei.

At the same time, Du Wei felt Lin Ziming's murderous intentions against him, and instantly became agitated, even more terrified and frightened.

He knelt down in front of Lin Ziming with a plop, kowtow desperately to beg for mercy, hoping that Lin Ziming could have a lot of adults and let him go.

Of course it is impossible for Lin Ziming to let him go, but it does not mean that he will kill Du Wei here.

It wasn't that he was afraid of causing any trouble. In his current capacity, killing a person was an easy task. He only had to say hello.

What he considers is that this is still in the university, so many college students are watching, if he kills like this, the impact will be bad, even Li Qianyu will be implicated.

So after a simple consideration, he directly lifted Du Wei by the neck and lifted him away.

All the people present were dumbfounded. Seeing Lin Ziming walked over, they all felt terrified. They didn't dare to stand in front of Lin Ziming and quickly gave up their positions.

Li Qianyu finally recovered, she immediately called out, "Hey! Where are you going!"

After Lin Ziming heard this, he stopped and said to her, "Little girl, don't

just recognize strangers as boyfriends in the future, otherwise you will be in trouble.”

After saying this, he didn't stay anymore, and left with Du Wei in this way.

After Li Qianyu heard his words, she froze in place, with some blushes on her face, but soon, she reacted and wanted to chase after him, but at this time, Li Ziming had disappeared from sight. Up.

There was a strong urge to catch up with her and wanted to keep Lin Ziming, because she had a feeling that a man like Lin Ziming was too special. If she didn't stay this time, she would never meet again in the future. .

She rushed over quickly, but she couldn't find Lin Ziming, because Lin Ziming had already left the canteen, as if she had disappeared out of thin air.

At this moment, the other talents recovered one after another, and hurriedly chased them out, they could no longer find Lin Ziming.

“Call the police quickly.”
