

Chapter: 1827

After coming out of the third place of Xuanyuan, Lin Ziming went home and stayed with Chu Fei for a while, and then went to Yuancheng again to find Tao Sanniang.

Lin Ziming didn't dislike these two confidantes. He felt that he was the happiest man in the world.

The most rare thing is that they did not fight each other and live in harmony, which is even more a blessing.

After staying again today, Lin Ziming embarked on a plan to go to the Eagle Dog Country.

After thinking about it, he still plans to find the queen of the Eagle Country first.

Before he set off, Peng Zhuo approached him and gave him a task.

Originally, according to Peng Zhuo's intention, Lin Ziming's current status was not simple. If he went to the Eagle Dog Country alone, there would be risks, and bodyguards should be sent to protect Lin Ziming.

However, Lin Ziming directly rejected Peng Zhuo's suggestion. For him, it was completely unnecessary. When there are too many people, it will distract him.

Besides, with his current strength, besides the master of the gods, who can protect him?

When Peng Zhuo heard it, it was indeed the same thing, so he didn't have to say anything.

But soon, instead, he gave Lin Ziming another task to see if he could bring a scientist back by the way when Lin Ziming went to the Eagle Dog Country.

The scientist was put under house arrest by the Eagle Dog Country. Before, China had sent many agents, but none of them could be rescued.

It happened that Lin Ziming had this opportunity to go to the Eagle Dog Country, and after seeing the queen, see if he could rescue the scientist.

Of course, Lin Ziming was not responsible for this matter alone. When Lin Ziming came to Eagle Dog Nation, there would be special agents to contact him.

For this task, Lin Ziming also did not decline, and agreed very simply. For him, it really wasn't a big deal.

However, after browsing the information of the scientist, he was still a little surprised, because the scientist was very young and extremely talented, and he had made very good achievements in related fields.

It's a pity that when this scientist went to the Eagle Dog country a few years ago, he was captured by a local evil organization, and now he is under house arrest.

According to Peng Zhuo, it would be enough to rescue this scientist, and there is no need to mobilize that evil organization.

Lin Ziming agreed and boarded the flight to Eagle Dog Country. Speaking of which, this is Lin Ziming's first time abroad, and it's quite fresh. And he has an intuition, this time going abroad, he is afraid that something interesting will happen.

Lin Ziming is not worried about this queen of Eagle Dog Country, because he knows that this queen is actually quite old, much older than Whampoa Road, and is already 80 years old this year, even if she is a master of the God Realm. The body's function also began to weaken slowly.

Moreover, the queen of the Eagle Dog Nation has a relatively mild personality, and will not be as violent as Adam in the Beautiful Nation, and probably will not attack Lin Ziming.

Ten thousand steps back, even if the time comes when Lin Ziming is really shot, then he will not sit and wait for death, not to mention, there is still the ability to escape.

Lin Ziming took an international flight this time. It will take a long time to fly. Lin Ziming read the newspaper on the plane. With his casual clothes, he looks very ordinary. Anyone who reads it will think he is just an ordinary white-collar worker. That's it, and absolutely can't imagine, he is actually a formidable half-step god-level powerhouse!

At this moment, a person next to Lin Ziming said to Lin Ziming, "Sir, is there anyone sitting next to you?"
