

Chapter: 1830

This is too shameful!

All of a sudden, her face became more rosy.

Seeing Lin Ziming's figure farther and farther, until he disappeared among the crowd, and was no longer visible, Alice felt even more disappointed.

At this time, a bodyguard walked over, with a respectful attitude, and whispered: "Dear Miss Alice, you are about to marry Prince William. You can't have other ideas about other men."

The words of this bodyguard made her bit her lip tightly, and some sadness and sadness appeared in her eyes.

Yes, she will belong to Prince William sooner or later. What qualifications does she have to ask other men about their contact information?

After she joined the royal family, she probably didn't even have the right to talk to strange men! !

Ever since she was a child, the little friends around her have envied her with her distinguished status and profound background. She grew up shouting the golden key, but no one can understand her sorrow.

She is a poor man whose destiny has been arranged since birth.

Today she met a man who was interested in her, but there was no way to ask for the contact information of the other party.

Ugh.....

Fortunately, Alice's psychological quality is strong enough, or that she is used to such a destiny, for the family, she has no right to choose.

After briefly sorting out her mood, she came out of the reception area and immediately saw a group of people waiting for her, making a big scene.

Standing in front of her was the noble Prince William.

Prince William is not particularly handsome, but he is very tall, and he is also full of royal noble aura. The entire Eagle Dog country does not know how many women want to marry Prince William without a chance.

And she is able to marry Prince William. In theory, she is the happiest woman in the Eagle Dog country, but she knows that she has nothing to do with happiness. On the contrary, she is an unfortunate person because she Never have the right to pursue their own happiness.

"Beautiful Miss Alice, you are finally back."

After seeing Alice, Prince William immediately showed an obsessive and exhilarating smile, walked over to Alice quickly, took Alice's hand, and kissed affectionately.

For some reason, Alice was disgusted when facing Prince William's kiss.

In her sense, Prince William is a very dirty person!

Because she has rarely heard of the scandal of Prince William, in her life, she has no idea how many women have been ruined.

And he appeared to be very good in front of the people, which is disgusting.

So after she was kissed by Prince William, she frowned immediately, her face showed some displeasure, and quickly pulled her hand back.

He said coldly, "Prince William is polite."

And her appearance was just caught by Prince William, which made Prince William's face a bit unsightly.
