

## Chapter: 1831

But he quickly took back this displeased expression.

As Prince William, he still has to maintain his own image outside. If he is caught by the public, that would be bad.

And most importantly, he is going to marry Alice and enter the door now, so naturally he can't leave a bad impression on Alice.

It's just that the gloomy he had passed just now was still caught by Alice, which made Alice's impression of him even worse.

But Alice didn't show it, but she felt sad in her heart, thinking that she would marry such a person in the future.

Actually speaking, Prince William is also an excellent man, but she really has no affection for Prince William at all.

Because of Prince William's grand welcome, many people in the airport were very envious of Alice, especially those women, even more envy and hatred.

After they walked out of the airport, several luxury cars were parked on the side of the road. They were particularly luxurious and grand, fully demonstrating the dignity and extraordinariness of Prince William.

Prince William's face was full of pride. He liked this feeling of being watched very much. He was the most noble prince in the world. He coughed twice and said proudly: "Beautiful Miss Alice, please get in the car. "

On the contrary, Alice didn't like this high-profile behavior very much. She had a part of Oriental blood in her bones, and she was not as ostentatious and high-profile as pure Westerners.

Just as she nodded and was about to get into the car with Prince William, suddenly, her eyes caught a familiar back.

It was Lin Ziming, the oriental man who had chatted with her for a long time.

I saw Lin Ziming standing on the side of the road, reaching out to stop the taxi, but no one stopped him a few times. It seemed that no one came to receive him.

Alice's eyes rolled and she took the initiative to walk towards Lin Ziming.

Prince William's original smile was looking forward to Alice's touch and excitement, but he didn't expect that Alice would ignore him and walk towards a shameless Oriental.

"Lin, where are you going, do you want me to see you off?" Alice walked to Lin Ziming and said with a smile, with a certain expectation in her tone.

Lin Ziming was stunned for a moment. He obviously didn't expect that Alice would find him again.

Soon he saw Prince William who was following him. At a glance, he could see that the relationship between Prince William and Alice was not simple, so he shook his head and said, "No, I can take a taxi by myself."

At this time Prince William came over, his eyes fixed on Lin Ziming, already treating Lin Ziming as a rival in love.

However, there was still a friendly smile on his face, and he said to Alice: “Beautiful Alice, I don’t know who this Oriental is?”

Alice said, “His name is Lin, from China, and he is my friend.”

Prince William gave a cry, and then turned his eyes on Lin Ziming. He found that Lin Ziming was wearing very ordinary clothes. He was also very ordinary and had a very ordinary temperament. In short, the whole person revealed a kind of ordinary taste. Such people are everywhere on the street.

Moreover, Prince William obviously did not have a good impression of Chinese people. Some contemptuous expressions flashed in his eyes, and a smile appeared on his face. He said: “Chinese people? Beautiful Alice, when did you know Hua? Chinese people.”

Alice didn’t like Prince William’s questioning tone, but she was a very educated person and did not show it. Instead, she said: “Prince William, I know friends, do you want to ask for your approval? ?”
