

## Chapter: 1839

“What should I do now?”

Seeing that Alice could not make a call, she immediately panicked. It was the first time she had encountered this kind of thing when she grew up. For a woman who has no power, it is unrealistic to say not to be afraid. .

Not only him, but Prince William is also panicked now, his face is sweating, and Liushen Wuzhu: “What should I do, how can this be...This is in the Eagle Country, why would anyone dare to assassinate me?”

Lin Ziming saw them panic like this, and shook his head. If Alice was so panicked, that would be a normal thing, but as a prince, William was so panicked. He didn't have the calmness that a prince should have. .

He said in a deep voice, “Did you offend someone?”

Prince William is in a panic right now. He has no rational mind to answer Lin Ziming's words, sweating profusely, “I don't know, I don't know...”

But Alice now sees Lin Ziming's calmness, she doesn't panic at all. She gave her a sense of security and let her settle down slowly, saying, “Could it be that she wanted to kidnap us and blackmail the royal family?”

“Do not rule out this possibility.” Lin Ziming nodded and said.

“Then who is so bold? After all, this is in the Eagle Country.” Alice also couldn't understand why anyone was so bold.

“Nothing, I will protect you.” Lin Ziming patted Alice on the shoulder, giving her a sense of security.

Alice was stunned for a moment, obviously not thinking that Lin Ziming would actually say such words in this situation, which made her feel much warmer at once, and she was ashamed of her impatience with Lin Ziming just now.

However, intellectually, she still didn't believe that Lin Ziming had the ability to protect them. After all, Lin Ziming was single-handedly, and it seemed that those special sites were not powerful.

“Lin, thank you for your kindness.” Alice said, “but I appreciate your kindness. These are all murderous killers. You can't protect us.”

Prince William recovered a bit of composure right now. After he heard Lin Ziming's words, he immediately showed disdain, “I have heard it wrong, are you a Chinese who can protect us? You really brag.”

Lin Ziming didn't bother to talk to him either.

Now Lin Ziming's thinking radiated, and the ten kilometers within his radius were within his grasp. He immediately sensed that the scale of this assassin's outburst was not small, almost all of them were masters of the innate realm, and they were still trained. The kind of preface is to capture Prince William and Alice directly in order to kill with one blow!

At this moment, Prince William saw Alice holding Lin Ziming's hand, and a rush of jealousy surged into his heart. He was particularly upset. He snorted

heavily. He also held Alice's hand in the past, and comforted: "Alice Silk, don't be afraid, our royal guard is very powerful and will surely be able to defend us!"

Alice took her hand by Prince William, pulled it away unnaturally, nodded, and said, "Well, I hope so."

Prince William was dissatisfied with Alice's break free, but in this case, he couldn't say anything.

Compared to Lin Ziming, Alice indeed believed more in Prince William's Royal Guard. These were the most powerful agents in the Eagle Dog Nation, and I believed they would be able to protect their safety.
