

Chapter: 1846

As for Lin Ziming, while surprised, he was also a little bit more moved. He really didn't expect that Alice would still protect him at this point.

It seems that Alice is really a kind person. For such a person, it would be a waste to marry Prince William.

The killer leader didn't even speak, and Prince William called out loudly, "You can't let him go! He is no ordinary person! He is a friend of Alice, you kidnapped him, it is equally useful!"

Hearing Prince William's words, Alice was very angry and scolded Prince William, "What are you talking about! You know he is just an ordinary person, he is innocent, how can we bother him!!"

Prince William gritted his teeth and said: "Alice, you bitch! I'll just say why you want to go to China. It turns out that you have a tryst with this Chinese!! You are the shame of our Eagle Country!"

"you....."

Alice was so angry at Prince William's words that her eyes flowed straight out!

She has nothing to do with Lin Ziming. Prince William doesn't trust her, let alone slander her like this!

Prince William is also very upset now. He thinks that Alice must have put a green hat on him, and has a secret secret with this damned Chinese.

Now, even if he is about to die, he still has to pull Lin Ziming to support him!

"Oh..." Lin Ziming sighed. He saw Alice crying like this, and he sympathized with Alice. He took Alice's hand, took out the tissue, and wiped Alice's tears. , Said comfortingly: "Miss Alice, you don't have to cry, such a person is not worth your sadness."

Alice said sadly and guiltily: "Lin, I'm sorry, I was the one who caused you, I knew I shouldn't invite you..."

Lin Ziming patted her on the shoulder, showing a gentle smile, and said, "Fool, what's the trouble, I said, I'm here to protect you."

Hearing what he said, Alice was stunned for a moment, and then shook her head again. She thought Lin Ziming was just comforting her. In this situation, even if Lin Ziming has three heads and six arms, it is impossible to protect her.

But those assassins were impatient, and the assassin leader directly ordered: "Bring them all back together."

"Yes, boss!"

Immediately a killer came to catch it.

At this time, Lin Ziming spoke.

His voice sounds very distant and grand.

"Are you all here?"

Hearing his inexplicable remark, the assassins were shocked. They didn't understand what Lin Ziming meant by saying this. He was really a lunatic. At this moment, a killer wanted to hold him down and arrest him violently. But at this moment, Lin Ziming said another sentence, "Do you know why I didn't make a move just now? Because I'm waiting for you to gather together so that I can kill you all at once."

After saying this, a playful smile appeared on his face, and immediately after that, he made a bold move.

It seemed to be a sign, the assassin in front of him, still unable to react, was pinched by his neck, and then gently squeezed, directly cut off...
