

Chapter: 1847

Immediately after that, the assassin's struggling body fell weakly, with panic and pain still remaining on his face, and then he completely stopped moving.

Lin Ziming let go, and his body fell to the ground.

This scene can be said to be too subversive for everyone present, and everyone was stunned at once, all of them dumbfounded, with an unbelievable expression.

Especially for Alice and Prince William, their eyes were as big as bells, and they were completely dumbfounded. They couldn't recover for a long time. They had never thought that Lin Ziming would be so powerful.

At this moment, the assassin who looked fierce and unbeatable was pinched to death.

This feeling is really subversive. It's like a weak woman who easily squeezed a strong man to death. This is simply unscientific.

For the other assassins, it was also an extremely shocking picture. They had all looked at Lin Ziming just now and determined that Lin Ziming was just an ordinary person.

But the strength that Lin Ziming showed now was far beyond their expectations!

But after all, they are professional killers, and each of them is extraordinary, and they quickly reacted.

The assassin leader's pupils shrank suddenly, revealing an expression of horror, because even he hadn't noticed how Lin Ziming made the move!

The point is that Lin Ziming doesn't have any strong aura now, which is too unscientific.

"You! Who are you!?"

The killer leader stretched his muscles to the nearest instant, as if he was facing a big enemy.

The other killers also reacted instantly at this moment, all of them tense, staring at Lin Ziming, as long as the killer commanded them, they would attack Lin Ziming!

After Lin Ziming put down the killer's corpse, he was not in a hurry to make a move. Instead, he glanced across all the killers, his eyes were like laser scanners, and he kept the killer's data in his mind, and He began to quickly calculate how long it would take him to get rid of these killers in one fell swoop.

"Lin Ziming."

After hearing Lin Ziming's words, none of these assassins had any reaction. Obviously, they didn't know Lin Ziming.

This made Lin Ziming somewhat puzzled.

You know, since the Kung Fu Cup, he is not an unknown junior. For the

warriors of the whole world, he should be known to him.

And these assassins in front of them are all masters of the Innate Realm, and logically speaking, they should know him.

However, looking at their reaction now, it's obvious that they don't know him.

This shows that people in the sect do not care about things in the country and society?

Or are they ignorant?

In any case, it is a good thing for Lin Ziming, so that he can save a little effort.

Alice covered her mouth, looked at Lin Ziming incredulously, and exclaimed, "Lin, you..."

Lin Ziming turned her head and smiled brightly at her, and said: "Alice, I told you that I will protect you, have you forgotten?"

Hearing this sentence, Alice's heart suddenly throbbed, and there was an unspeakable emotion!

As for Prince William, he was also dumbfounded, with a skeptical expression on his face. He didn't even think that this Chinese really had such a powerful strength.

"It seems that I underestimated you, not thinking that you are still a master."

There was a harsh sound in the killer's mouth, and then he snapped his fingers, and without too much verbosity, he directly ordered the killers to take action against Lin Ziming.

The order given to him above was to take down Prince William and Alice by all means, and now Lin Ziming's shot was an accident for them, but it was nothing more than that, and could not stop their mission.
