

Chapter: 1852

“Wait a minute!” Alice was very unwilling to see him leaving, she couldn’t help but yelled out again.

Doubt appeared on Lin Ziming’s face, and he asked, “What else is there?”

As for Prince William on the sidelines, although he was in awe of Lin Ziming, how could he not tell that his fiancée had already planted affection for this Chinese!

This is his fiancée, who flirted with another man in front of him. As any man, it is unbearable.

Besides, he is still a prince!

But he didn’t dare to show it, he just clenched his fists and lowered his head, very angry.

If it was just now that Lin Ziming still did not show his strength, then he would dare to scold Lin Ziming, but now, he knows that Lin Ziming is an absolute strong, even if he is angry, he dare not lose his temper with Lin Ziming. Ah, unless he lives impatiently.

Alice was watched by Lin Ziming, and she was a little nervous for a while, but her brain was also working quickly, and she was reluctant to leave Lin Ziming.

Because she had a feeling that if she gave up Lin Ziming this time, she would never meet Lin Ziming again, so no matter what, she would have to keep Lin Ziming!

So she took a step forward, a flash of inspiration in her mind, and said: “Didn’t you just say you want to see the queen? It just so happens that we are going back to the castle too, you can come with us.”

Hearing these words, Prince William’s fist clenched tighter!

Damn Alice, dare to dazzle other wild men in front of me, and see how I will deal with you in the future!

He thought he was covering up well, but he didn’t think that he would have escaped Lin Ziming’s gaze. Lin Ziming shook his head and said meaningfully, “Forget it, lest your fiance misunderstand.”

When Prince William heard these words, he was shocked, what, has his mental activity been seen through by this Chinese?

Just then, Alice’s gaze also looked over, and she found his hideousness and distortion, and she became even more disgusted with him.

Alice said: “Lin, you saved my life just now, and I must repay you. If you are not in a hurry to see the queen, you might as well go home with me first, and our family will repay you with the highest level of treatment! ”

After finishing talking, Alice looked at Lin Ziming hopefully, hoping that Lin Ziming could agree.

Originally, Lin Ziming wanted to refuse, but he saw that Alice was so eager. It happened that he was in the Eagle Dog country and he was also unfamiliar

with the place of life. After thinking about it, he agreed, "Okay."

Alice was very happy immediately, showing an extremely bright smile.

After a while, Alice took a call, and someone from the family came over and saw a mess on the ground. They were all taken aback. They rushed over and found that there was nothing wrong with Alice, and they were relieved.

Tone.

"Dear Miss Alice, what happened just now?!"

The other party was an old man in a tuxedo, who seemed to be the steward of the Alice family.

After Alice simply said everything just now, their eyes were full of shock and awe when they looked at Lin Ziming.

Lin Ziming nodded to them politely, but he didn't speak.

Then these people greeted Prince William again, and when the other guards of the royal family arrived, under Alice's order, Alice followed the bodyguard team and returned to the family first.

And Lin Ziming also followed them, and he happened to be a little hungry.

What Alice didn't know was that after they were gone, Prince William looked at them with a horrible look in their eyes.
