

Chapter: 1853

“Lin, thank you so much this time. If it weren’t for you, Prince William and I would be awful now!” In the car, Alice said gratefully, her eyes flashing bright.

Her look of admiration and gratitude made Lin Ziming look a little embarrassed, waved her hand and said, “Miss Alice, you have said thank you so many times along the way, so I don’t need to say it any more, I just raised my hand.”

The more modest he is, the more Alice feels that he is very attractive, because for the people of Eagle Dog Country, there is no such modest as Lin Ziming.

Especially Lin Ziming showed such a powerful strength just now, which made Lin Ziming even more charming.

The housekeeper who went with him was very surprised to see his lady admiring Lin Ziming so much. He killed the man who had watched Alice grow up, and he had never seen Alice show this kind of eyes to a man.

Even the high-ranking Prince William doesn’t have this kind of treatment.

As the so-called bystanders are clear, but the housekeeper can see that, my own lady, I have feelings for this Chinese!

Lin Ziming naturally noticed it too, so he always kept a distance from Alice. To him, Alice was just a passer-by, and he hadn’t thought about what happened to Alice.

However, regarding Prince William, he still needs to remind Alice, “Miss Alice, are you Prince William’s fiancée?”

Alice was originally very happy. After hearing these words, her face was dimmed and lost immediately. She sighed and said, “Yes, my father betrothed me to Prince William very early.”

When she said this, her eyes were a little ruddy, and she could see that she was really dissatisfied with this marriage.

Lin Ziming said again: “What is your impression of Prince William?”

When Alice heard these words, she blurted out, “I don’t like Prince William at all! When I get home, I have to ask my father to ask him to retire from the royal family!”

When the housekeeper on the side heard these words, he was immediately frightened and said: “Dear Miss Alice, this is not right! Prince William is very good, and it is your blessing that you can marry him. what!”

At the same time, he winked at Alice and signaled that there was an outsider here. It wouldn’t sound good if it were passed to the royal family.

Alice saw the butler’s eyes, her eyes were even more sad, yes, as the daughter of the Alexander family, where does she have the right to choose her marriage?

However, she was really unwilling.

Lin Ziming said again at this time, "Prince William is not a big measure. It is not a happy thing to marry him."

He knew Prince William's character very well. If Alice married Prince William, he would be ruined for most of his life.

After hearing this sentence, the housekeeper immediately frowned, his face was very displeased, thinking that this Chinese man had too many things and was too annoying. Even if this Chinese has saved Miss Alice and Prince William just now, but the Chinese are always a low-quality race, what qualifications do they have to comment on the marriage between Alexander and the royal family?

So he coughed twice, beckoning Alice not to listen to him nonsense.

And after Alice heard Lin Ziming's words, her eyes lighted up, and her whole body was lifted up and said: "Lin, do you also think I should not marry Prince William?"
