

Chapter: 1925

Run around! ! !

Run with all your strength!

This is the thought of Mo Yan and Mo Teng. Now they have the slightest intent to fight. The only idea is to leave here and not be killed by Lin Ziming! The strength that Lin Ziming showed was really terrifying, and it had completely exceeded their expectations.

They now think that Lin Ziming is definitely a master at the realm of God, otherwise, it would be impossible to be so powerful, so powerful that it is desperate! !

However, when they discovered this, it was already too late.

Such a master of the God Realm must be resolved by the leader Asura himself.

As the masters of the Dzogchen in the Innate Realm, they can already walk on the water. They stepped directly on the lake and started to evacuate to the mainland at an extremely fast speed.

Because their speed is too fast, when they step on the lake, every step is like a depth bomb, exploding large swaths of water!

I have to say that this scene is still very spectacular and shocking.

However, Lin Ziming was even more shocked than them.

I saw that Lin Ziming didn't even step on the water at all. He only sprinted to the edge of the lake. He took a straight lunge and bent his legs. The whole person turned into a huge spring. Then he bounced heavily and chased in the direction of Moteng. past.

When he landed, he happened to be in front of Moteng and stepped on the water. He bared his white teeth at Moteng and said with a bright smile, "I'm sorry, this is nowhere."

The moment Mo Teng saw Lin Ziming, he only felt his scalp numb, his expression was hideous, and his heartbeat seemed to pop out! !

"Ahhhhhhhhhhhhhhhhhhhhhhhhhhhh!!!"

He knew that Lin Ziming had chased him up, and he could not run away.

Then at the fastest speed, he took out a sharp blade from his body and stabbed it towards Lin Ziming.

Lin Ziming carried one hand on his back. When Moteng's sharp blade came to him, he suddenly stretched out his fingers and flicked the sharp blade accurately, only to hear a strained sound. This sharp blade was unexpectedly caught by Lin Zi Ming was bombed directly! ! !

Immediately afterwards, Lin Ziming shot and pinched Moteng's neck. With a squeeze, Moteng's neck was chopped off by him.

And Mo Teng's face also showed an expression of despair and pain.

He didn't die right away, but was struggling. Unfortunately, he was just doing useless work.

Because Lin Ziming took another direct slap again, smashing his Tianling Gai to pieces.

I didn't look at it, just chasing it in the direction of Demon Flame.

After he left, Mo Teng's figure couldn't support it, and he had begun to sink into the lake.

And he was completely dead.

Now, Mo Yan was left alone.

On the other side, the demon flame running wildly, he also saw this scene, only felt that his eyes were splitting, unprecedented fear! !

He really felt that he was being stared at by death, it was a feeling of absolute despair, there was no place to escape.

But he is really unwilling, he has finally cultivated to the realm he is today, he can live more than a hundred years!

He still has a lot of life to enjoy. At the worst time, he has a great opportunity to break through to the realm of the gods!

But now, because of offending Lin Ziming, all this must be ended.
