

Chapter: 1926

He was unwilling, really unwilling.

At the same time, he also regretted it abnormally. He had known this a long time ago, and he had not dared to go against Lin Ziming anyway!

His son Du Wei was beaten to death. He can give birth to one and many, but if there is no fate, then there is nothing!

He roared, and Yu Guang saw Lin Ziming getting closer, which was a speed that completely exceeded the human limit, and his heart was desperate again.

He knew that his strength was far from Lin Ziming's opponent.

So at this time, he made the most correct decision.

He directly stopped running, and then dived directly into the water, trying to escape Lin Ziming's pursuit by diving.

Because his skill in the water is very good, in the water, he is even more flexible than a fish.

Many warriors are powerful on the ground, and once they are in the water, there are very few that can be used.

This is also his only chance to escape.

However, what he didn't know was that his approach fell into Lin Ziming's eyes, causing Lin Ziming to show a disdainful smile.

Immediately afterwards, Lin Ziming also dived into the water and turned into a swordfish. With a slam, without affecting too much speed, he chased towards the demon flame.

Mo Yan lost the bet. In fact, Lin Ziming was not only awesome on land, but also in water.

After a while, he caught up with Demon Flame. Under Demon Flame's struggle, he hit the Demon Flame's back with a punch. The strength was so powerful that it was comparable to a cannonball. He directly shot Demon Flame out of a big mouthful of blood, Demon Flame. The whole person is also a lot more decadent.

Lin Ziming then grabbed Mo Yan's neck and tapped a few acupuncture points on his body, turning him into a dead dog, with no room for resistance, before swimming back to Green Island.

He didn't have to kill Demon Flame immediately, because he wanted to give Demon Flame to the Falcon Team.

Let the Falcon Group also have the power to avenge.

Soon, he took the magic flame and swam to Green Island, holding the magic flame in one hand, and walked out of the water.

Where is the arrogance and scenery of the current Demon Flame?

Now he is dying. In the fight in the water just now, all the bones and muscles on his body were torn apart by Lin Ziming. Now he is only for mercy.

Needless to say, Lin Ziming was still on his body and tapped a few big holes

to seal off his cultivation base. It is no exaggeration to say that he is just a useless person now, let him be slaughtered!

“Lin Ziming, I dare not, I really dare not, please let me go...”

Mo Yan began to beg for mercy bitterly, he could now see that Lin Ziming was going to torture him to the Falcon team.

Lin Ziming didn't pay attention to him, and walked directly to the place where the Falcon team was.

The many agents of the Falcon team were all anxious to the extreme. They didn't know what was going on with Lin Ziming.

In their opinion, Lin Ziming must be more ill-fortuned, after all, Lin Ziming had already lost his strength just now!

Being chased by a group of believers, especially the three battles of Demon Flame, Demon Cloud, and Demon Teng, Lin Ziming still hasn't reached the realm of the gods, how could he be his opponent?

They are all blaming themselves now, if something happens to Lin Ziming, then they will have no face to live on!

However, just when they were desperate, and even when someone was about to bite their tongues and commit suicide.

They heard the sound of footsteps, and immediately looked up and saw Lin Ziming, who was wet all over, carrying the magic flame with one hand, walking towards them.
