

Chapter: 1938

To be honest, Lin Ziming didn't have much interest in such a sect.

Because, this Nuwazong, in addition to the powerful charm technique, the real martial arts strength, not very strong.

Just looking at Liu Qingcheng, you can see that Liu Qingcheng herself is at the level of the fourth stage of the Innate Realm, but her combat power is inferior to that of the ordinary fourth stage masters of the Innate Realm.

However, Liu Qingcheng's ability to track is a bit beyond his expectation, and his breath is so concealed that he hasn't even noticed it, and once thought it was Ashura.

Now that he knew the origin of the other party, Lin Ziming didn't bother to be familiar with her, and said coldly, "Don't go."

When he finished speaking, he turned around and left without paying attention to Liu Qingcheng.

And his indifference made Liu Qingcheng a little surprised and embarrassed. Under what circumstances, this guy actually ignored her?

It's too arrogant!

But think about it carefully, this guy seems to be very simple, just a while ago, he even boarded the list of immortals, squeezed all the gods and fire sickles, and indeed has the qualifications to ignore her.

However, this is the task assigned to her by the suzerain. She can't give up easily, so she hurriedly followed and said: "Instructor Lin, don't refuse it so simply. Our suzerain invites you very sincerely. In the past, I want to get to know you."

Lin Ziming didn't pay attention to her and got in the car directly.

This caused Liu Qingcheng to be hit hard, and she immediately opened the car door, went up to the co-pilot, and said seriously, "Lin Ziming, have you heard me?!"

Lin Ziming looked at her and said lightly: "I said, don't go, and you get out of the car."

Liu Qingcheng was very annoyed. Lin Ziming, this guy, really didn't put her in his eyes at all, it was damned.

She tried to show her charm. In an instant, some blushes appeared on her face and her eyes became watery. The whole person looked very charming and full of feminine charm.

If you change to another man, even a master of Innate Realm Dzogchen will be charmed by her eyes at first glance.

She was very confident, as long as she showed her charm, then Lin Ziming would definitely be attracted to her!

After she went back to Nūwazong this time, after being instructed by the Sect Master, her charm skills became more sophisticated.

However, her charming technique has little effect in front of Lin Ziming. In

exchange, Lin Ziming said coldly, “Are you making a fuss?”
puff! ! !

When Liu Qingcheng heard these words, she broke the defense in an instant, almost squirting out a mouthful of blood.

What do you mean by sultry? She is charming!

Is it a very advanced thing! ! !

However, she could also see that Lin Ziming was not fascinated by her at all, but instead looked at her with a mocking look. This shocked her too much!

The corners of her mouth twitched fiercely, where there is still a charming look just now, now she is completely annoyed, and she gritted her teeth and said, “This lady is not as knowledgeable as you are like a wood!!”

Then, she adjusted her mentality and breathing, and said seriously, “Lin Ziming, I am serious. Our Sovereign wants to invite you to be a guest. Please agree to it.”

Lin Ziming laughed, “What if I don’t agree?”
