

Chapter: 1949

For the young woman still in the corner, this scene has brought more shock and subversion than all she has ever had in her life!

She was completely stunned, her mind was blank.

I can't figure out why there are such powerful people in the world, which has completely subverted her worldview!

She even wondered if she had hallucinations...

Moreover, even after she had recovered her senses, she still found it incredible, subconsciously thinking that the Chinese man in front of her was not a human, but, as the gangsters said, it was the devil and Satan.

Because, only Satan can have such terrifying strength!

Lin Ziming stared condescendingly at this bastard begging for mercy.

Naturally, he couldn't have a trace of pity in his heart.

For such a bastard, he can't wait to kill them all.

However, he didn't do this this time, because he wanted to coax the matter until Adam came to him himself.

Therefore, he just stepped forward, stepped on the shoulder of this bastard, stomped him on the ground, and struck him with constant force, directly breaking his shoulder, and heard the sound of a fracture.

"Isn't it cool to bully the Chinese?" Lin Ziming said without a smile.

The bastard felt the pain in his heart, and his whole body was shaking violently now. For such a terrifying existence, he even had the courage to bear hatred, and he kept begging, tearing his nose and tears.

Lin Ziming cursed, not continuing to embarrass him, but said, "Get out."

That bastard thought he had heard it wrong, this devil let him go like this?

Including the young woman was also taken aback for a while, what is the situation, after the devilish Chinese has killed several gangsters in a row, why should he let the last one go?

When Lin Ziming did this, he naturally had his plan.

He kicked the bastard a few meters away and said lightly, "Remember my name. My name is Tang Ming."

After saying this, he finally took a deep look at the young woman, and left without saying hello.

The young woman froze for a moment. After two seconds, she reacted, gritted her teeth, and ran to catch up with Lin Ziming.

After the gangster was left, he spent the rest of his life, looking at all the stern companions on the ground, and slapped a violent spirit all over his body, wow, a nervous breakdown, and he cried directly.

What happened just now was a nightmare for him, and he began to doubt life.

But after he recovered, he took out his phone and started calling, "Hey, boss, boss, I'm Serti, something has happened, something has happened... we

have met the devil, really The devil.....”

On Lin Ziming’s side, he didn’t disappear immediately after coming out of the alley. Instead, he walked on the leisurely street with a faint smile on his face. The whole person looked relaxed, and he didn’t have the slightest kill just now. The tension of the people.

The young woman quickly chased up. Looking at Lin Ziming’s back, she was also very frightened by Lin Ziming’s performance just now, but she still defeated the fear in her mind, gritted her teeth, and accelerated her speed. Caught up with Lin Ziming.

She has a strong hunch that this Chinese is very unusual, not just as simple as being super strong, the other party coming to the beautiful country must have something big to do!

Although, she knows that this possibility is not very large. After all, Beautiful Country is known as the world’s largest country, and its strength is extremely strong. A Chinese person, no matter how strong his personal strength, can actually not be able to overcome too many storms. .

However, she still has this hunch.
