

Chapter: 1950

Soon, she caught up with Lin Ziming, stood in front of Lin Ziming, stared at Lin Ziming, took a deep breath and said, "You just killed someone."

Lin Ziming said flatly, "Yeah."

The young woman was even more afraid of his calmness and indifference to human life, but the sense of justice deep in her heart still made her courageous and said, "You are wrong in this way, you shouldn't kill. ."

Lin Ziming smiled, and said, "What about it?"

The young woman said, "You should hand them over to the police and let the law sanction them."

Lin Ziming shook his head. Regarding the other party's innocent thoughts, he didn't bother to take care of it anymore and bypassed her and left.

Lin Ziming's ignorance made the young woman a little uncomfortable. She stopped Lin Ziming again and said, "You are a murderer like this."

"So you are sending me to jail?" Lin Ziming asked rhetorically.

Now the young woman was silent. She did have this idea, but she soon realized the strength of the man in front of her, even if it was a hundred of herself, it might not be the opponent's opponent.

"Why do you do this?" she asked at last.

Lin Ziming said, "Because they deserve to die."

Now the young woman has been silent for longer. In fact, she also knows that those gangsters are criminals, who are inexcusable and committed a lot of sins, "But, but..."

Now Lin Ziming interrupted her, "Are you a Chinese or a beautiful countryman?"

The young woman stunned for a moment, and then said in Chinese: "My parents are Chinese, but I have come to the beautiful country very early."

Lin Ziming knows, this is the so-called Chinese.

"You haven't been bullied by the beautiful country people during your years in the beautiful country, right?" Lin Ziming said.

Pain flashed in the young woman's eyes, her eyes told Lin Ziming the answer.

Lin Ziming didn't bother to talk so much nonsense with her, and said directly, "Don't imagine that the laws of the beautiful country are so just. In fact, you also know from the bottom of your heart that sending these gangsters to jail will not get what they deserve. The punishment for the crime, and even the acquittal. Sometimes, justice exists in the hands of the people."

After saying this, Lin Ziming ignored her and left directly.

The young woman stood there, lost in thought.

In fact, deep down in her heart, she agreed with Lin Ziming's words, but the education she had received over the years told him that Lin Ziming's

thoughts and practices were too extreme.

In a sense, Lin Ziming himself is also a criminal.

Everyone has the right to deprive others of their lives.

However, she soon saw that Chinese people were being bullied in front of him.
