

Chapter: 1960

“Instructor Lin, are you kidding? I just want you and me to double cultivation, not to abandon your wife. What is immoral?” Tian Xuanzi asked suspiciously.

Lin Ziming was speechless for a while: “...”

If he didn't look at Tianxuanzi so seriously, he would think Tianxuanzi was joking.

But immediately, Lin Ziming also reacted. It seemed that the thinking in the sect world was different from that in the world.

He heard from Peng Zhuo before that there is no concept of monogamy among the sects. As long as they are strong, they can marry any wives. It is normal for some strong men to have more than a dozen wives.

The distinction between the martial world and the secular world is that, in addition to ideas, there is also a big difference in thinking and way of life.

Lin Ziming shook his head, still rejected Tian Xuanzi, and said: “I'm sorry, I can't double cultivation with you, you should look for another wiser.”

When Tian Xuanzi heard this, his expression dimmed immediately.

Quite a bit of a pity for people.

Lin Ziming took a look, and there was a feeling that he couldn't bear it, and he was about to agree.

He immediately held back it, and secretly sighed in his heart, this day Xuanzi's charming technique is really powerful, and if he is careless, he will be recruited.

Tian Xuanzi sighed and said, “Since Instructor Lin didn't want to continue, Xuanzai didn't want to do so that day. I have ordered people to hold a banquet in the sect and invite Instructor Lin to come as a guest. I don't know Instructor Lin. Can you show your face?”

Lin Ziming agreed immediately, but hesitated for a while, and then said, “Where is your sect?”

Tian Xuanzi smiled lightly and said, “It's in the beautiful country, not far from here.”

Now that it's all here, Tian Xuanzi still came to look for him personally. If he doesn't go, it's a bit unreasonable. Lin Ziming nodded and agreed, “Okay, then it's better to be respectful.”

Lin Ziming didn't have much interest in Nüwa Sect, because he knew that Nüwa Sect was not strong, and most of them were female disciples, which didn't mean anything.

However, after Lin Ziming arrived, he could have a deeper understanding of the entire martial world from Nuwazong.

As for whether it will be a grand feast, Lin Ziming is not afraid at all. With his current strength, even if he is a master of the gods, as long as he is not more than the first rank of the gods, I am afraid that he can't help him.

How long after he and Tian Xuanzi had left, a large group of people rushed to the scene immediately. When they discovered that the entire warehouse was full of large-scale corpses, and each of them died so miserably, all their faces changed drastically!

These people who came here are no longer members of the black organization, but the official of the beautiful country, but they have never seen such a scene.

Seeing this situation at first glance, they might even think whether there were monsters that could kill so many big guys abruptly! !

The chief who was the first body blessed, his face was serious, and he revealed fear, took out his cell phone, and made a call, “Head, boss...nothing, something big happened, something big!!”
