

Chapter: 1964

“Yes, Sovereign!”

.....

After Lin Ziming finished dinner, he temporarily stayed in Nuwazong.

At dinner, he also felt that the entire Nuwa Sect revealed a dignified and sad atmosphere, which regarded death as home.

Lin Ziming is not stupid, and he immediately guessed that Nuwazong might have offended some important person, and he will be retaliated shortly.

He and Nūwazong are not close to each other, so naturally they don't take care of their business.

So he planned that he would leave tomorrow morning.

That night, in a deserted place in the beautiful country, near the crater, a young man with long hair was sitting cross-legged, surrounded by high temperatures. If ordinary people stay here for more than ten seconds, There is a danger of suffocation, but this young man, who has stayed here for a long time, has no problem.

He sits here like a statue, motionless, knowing that he is a super strong at a glance.

Suddenly, a machine rang in his trouser pocket. He took it out and took a look, then answered, “What's the matter?”

“Master Shangguan, the major event is not good, the chief patriarch and a secular middleman will do double repairs! In order to offset the burning of the karma, and win over the secular middleman!!”

“What?!” The young man opened his eyes immediately after hearing this circle, and a bit of fierceness and haze flashed in his eyes, “Who is this person?”

“This person's name is Lin Ziming, and he is the Chinese man who was on the list of immortals a while ago and squeezed down the gods and fire sickles.”

“Okay, I see, I'll go back soon.”

After the young man turned off the machine, he stood up suddenly, anger and jealousy appeared in his eyes, “A worldly fellow, dare to snatch my senior sister, and die!”

After he finished saying this sentence, his body disappeared. When he reappeared, he had already reached the foot of the mountain, and his speed could be described as extremely fast.

And he is the number one powerhouse in Nūwa Sect, and he is also the junior of Tianxuanzi, Shangguan Rufeng, or Nūwa Sect, the only man.

Previously ranked eleventh on the Sealed Immortal List, he could be on the Sealed Immortal List at any time, and he was a real super strong!

.....

In the early morning of the next morning, while Lin Ziming was still

meditating, he suddenly heard a sound of footsteps coming from a distance, and at a very fast speed, he came directly in his direction!

And there was a sense of hostility, which made him open his eyes immediately, and some doubts flashed through, strange, he was in the Nuwa Sect, who would be hostile to him?

Soon, the footsteps reached the door, but there was no one who broke into the door immediately, but knocked on the door, and then a voice came from outside, "The Nuwa Sect Master is like the wind here, please come out, Mr. Lin one sight."

Shangguan Rufeng?

Lin Ziming was a little puzzled when he heard this name.

And isn't it said that most of Nuwazong are female disciples, what's the matter with this Shangguan Rufeng?

However, he still didn't respond, the door was pushed open, and a long-haired man walked in.

This long-haired man was extremely handsome, just like a handsome man walking out of the painting. Compared to ordinary-looking men like Lin Ziming, he didn't know how many times he was handsome.
