

Chapter: 1965

“Are you looking for me?”

Lin Ziming stood up and said lightly.

At the same time, his gaze is also looking at each other.

He quickly realized that the handsome man in front of him was a super strong man, at least he had reached a half-step through the gods, which was a bit interesting.

In fact, he has seen the masters of the Innate Realm Dzogchen, and he has also seen the masters of the Divine Realm, but like him, it is the first time to see the masters of the Divine Realm in half a step.

Moreover, the other party's breath carries a kind of fiery heat, which is related to the fire attribute. As long as you get close to him, you will feel a rush of heat, as if the other party is a big fireball, which can evaporate all the water on your body.

It was the first time that he met such a strong man, and he felt a little bit interesting.

The other party was also looking at him, walked in, and then said, “Are you the Lin Ziming who was ranked tenth on the immortal list a while ago?”

“It's me.” Lin Ziming nodded, he didn't deny it, “What are you looking for me.”

For such a man who is hostile to him, Lin Ziming naturally does not have a good face, he has always been like this, people respect me a foot, I respect others, but the other party is disrespectful to him, he naturally does not have anything Good attitude.

The handsome man in front of him was very polite to him, and his expression was obviously hostile.

Shangguan Rufeng said, “I'm here to inform you that I am leaving Nuwazong at a speed. This is not a place for you to get involved.”

After saying this, he turned and left.

Moreover, the attitude displayed in it was extremely arrogant and domineering, which clearly meant that Lin Ziming was not in his eyes, as if Lin Ziming was just one of his subordinates.

Lin Ziming frowned immediately. As a half-step master of the gods, he was still a high-level man in the Chinese nation, and he was so despised by someone in the school, how could he be calm in his heart.

Originally, he didn't have any interest in Nuwa Sect, so he planned to say hello to Tian Xuanzi after dawn and leave.

However, this person called Shangguan Rufeng was aggressive as soon as he arrived and warned him. If he didn't say something to go back, he would be too embarrassed.

So he laughed, “What if I say no?”

As he said these words, immediately, the temperature in the whole room

began to rise rapidly, as if in an instant, it was in a sea of flames.

Of course, this is on the spiritual level, not the real opponent who can radiate powerful heat.

However, this is also very scary. Even a super strong person in the realm of Lin Ziming can feel the high temperature. If it is an ordinary person, it will be directly 'burned', and even brain death on the spot is not impossible!

This shows that the strength of this man named Shangguan Rufeng is not simple.

Lin Ziming soon had his own speculation. In his opinion, this man named Shangguan Rufeng should have been cultivating near the crater for a long time before he could cultivate such a breath.

Shangguan Rufeng's footsteps stopped, and did not look back, but said in a very cold tone, "Are you provoking me?"

Lin Ziming also smiled, "It depends on how you define it."

Shangguan Rufeng turned his head, with a smile on his face, and said, "It's interesting, I originally wanted to challenge Shenjun Fire Scythe and defeat him, so as to be on the top of the immortal ranking list. I didn't think of you. The mortal in the world was killed midway. Since this is the case, then I might as well kill you directly and take your place."
