

Chapter: 1970

He said these words loudly and made a decision to fight the Sun Moon God Sect to the death.

Lin Ziming admired him a bit when he saw him like this. Although Shangguan Rufeng is very arrogant, he still has courage and conscience.

However, Tian Xuanzi shook his head and said, "Junior Brother, you still haven't broken through to the realm of the gods. You can't be Asura's opponent. If you fight with Asura, you will be dead."

Shangguan Rufeng said unconvincedly: "Senior Sister! This is hard to say! I heard that Ashura had fought with a master of the gods in the world a while ago and was injured. Now I have achieved great skill, Ashura may not be mine. opponent!"

"Really?" Tian Xuanzi just glanced at Lin Ziming next to him faintly, saying, but you couldn't even beat Lin Ziming.

Suddenly, Shangguan Rufeng's face turned red, and the senior sister really didn't give him face!

But he quickly recovered his composure and said, "Anyway, I can't abandon Nuwazong!"

Lin Ziming did not speak on the sidelines.

Seeing his silence, Tian Xuanzi felt a little disappointed, but as expected, he took a deep breath, adjusted his breathing, and then said firmly with his eyes, "I have made a decision."

Everyone was silent, looking at her.

At this time, Tian Xuanzi's aura changed, with the majesty of the Sect Master.

"This time, the Sun Moon God Sect will definitely come here in advance. I guess they will come by tomorrow at the latest! And the Asuras will come in person. At that time, the Sun Moon God Sect will probably not only require ten female disciples, but To the entire Nuwa Sect!"

Hearing what Tianxuanzi said, all the female disciples' eyes showed fear and panic.

Even Shangguan Rufeng, his pupils shrank, and some fear flashed.

Don't look at how confident he was just now, but deep in his heart, he was still very afraid of the Sun Moon God Sect, especially the leader Asura, he was even more afraid. At the same time, he also knew that he could not be Asura's opponent, even if Asura was injured.

Tian Xuanzi paused and said, "So, I have decided, you immediately leave Nuwazong, how far and how far away!!"

When this was said, everyone was immediately stunned, not understanding what she meant.

"Sect Master, what do you mean? Do you want us to move?"

"However, with the ruthlessness of the Sun Moon God Religion, they have

eaten our Nuwa Sect. Even if we escape to the end of the world, they will chase us up.”

“Yes, the eyes and ears of the Sun Moon God Sect are all over the world, where can we hide?”

All of them are very puzzled.

At this time, Tian Xuanzi said again, “I mean, Nuwa Sect is disbanded, and you are no longer disciples of Nuwa Sect! I want you to become ordinary people, no longer hold groups, and no longer talk about women. Wazong, only in this way can we escape the chase of the Sun Moon God Cult!!”

Jing, the audience fell silent for a while, everyone looked at Tian Xuanzi dumbfounded, and for a while, they couldn't react.

Sect Master is going to disband all Nuwa Sect?

What is the difference between this and the extinct sect? ?

Don't talk about them, even Lin Ziming was surprised after listening.

However, he quickly understood what Tianxuanzi meant, and he couldn't help but respect Tianxuanzi.
