

## Chapter: 2033

“Of course, instructor Lin is a rare super genius in the ages. I have a hunch that in the future, under the leadership of instructor Lin, our country will definitely be able to go to even greater glory!”

The other high-level executives are also extremely excited and excited now, all blushing, feeling particularly proud, and full of hope for the future.

In addition, there are many other warriors who are watching the live broadcast. They also saw this scene, and they were extremely shocked. They couldn't accept it at once, and Hannibal actually lost.

You know, Hannibal is not an ordinary person, but an absolute powerhouse, many times more powerful than the previous Solomon, Johnson, and Romero.

And the most important thing is that Hannibal has not been defeated for a long time, and now that Lin Ziming's appearance can be said to have broken his undefeated golden body.

“You are not my opponent, go back and let your master Adam come over.”

Lin Ziming didn't continue to attack him, but stood lonely in front of him and looked down at him. The look in his eyes put Hannibal in his eyes, as if Hannibal was just an ant.

It was this posture of Lin Ziming that greatly angered Hannibal, causing his expression to become distorted.

Although he was forced back with a punch by Lin Ziming just now, he didn't suffer any injuries, and he still had full combat effectiveness.

He is an extremely arrogant and self-confident strong man himself. He has not failed for more than ten years. In his mind, he doesn't put anyone in his mind except his teacher Adam. He doesn't even look at the powers of the God-passing realm from other countries. He believes that if he knows that given him a few more years, he will definitely be able to break through to the God-passing realm, and by then, he will be a super expert, such as Hua The Whampoa Road of the country, the queen of the Eagle Dog country, will not be his opponent!

However, now that Lin Ziming's appearance, the punch just now, can be said to have given him a big slap in the face, making him unable to accept it for a while, and even his expression began to be distorted!

Therefore, in an instant, he lost his reason, his pupils suddenly became blood red, and the whole person exuded an overwhelming aura, which looked particularly terrifying!

He was angry, completely angry, the blood all over his body boiled instantly, and his muscles swelled a lot, as if he had been beaten with chicken blood.

The innate realm masters who watched the battle at the back felt his terrifying aura at that moment, as if they were facing a volcanic eruption, making them feel their sincere fear, and they couldn't help taking a few

steps back.

“This... what a great momentum, what a terrifying aura!”

“Yeah, how do I feel Hannibal has become a demon! This breath is too terrifying!”

“You have found that there is no such thing. His appearance seems to have changed. I have a feeling that this is the real Hannibal. He is angry, absolutely angry, take it seriously!!!”

“It’s definitely true. I’ll just say. How could General Hannibal not be Lin Ziming’s opponent? The General Hannibal just now was not in a real form. Now General Hannibal is serious and wants to show his true strength. Lin Ziming is going to be bad, hahaha...”

“Wait, this Chinese must be dead!!!”

All of them were extremely excited, and at the same time they agreed that Lin Ziming was definitely dead.

Hannibal stood up now, his body was actually raised by almost ten centimeters. Originally he was almost two meters tall, but now he looks even more terrifying, like a human-shaped monster!

He twisted his neck, made a chuckle, and looked at Lin Ziming with a grinning smile, as if he was looking at a prey, with a metal-like sound in his mouth, “Lin Ziming, very good, you Successfully annoyed me.”
