

Chapter: 2057

The smile on Scott's face became even colder, and he twisted his neck. The whole person looked like a psychopathic killer, which made people shudder at the first glance.

In this state of him, let alone Zhong Fan and these dudes, even those subordinates couldn't help speeding up their heart and felt fear. Because they all knew that when Scott showed this expression, it meant that Scott was really angry and moved a strong murderous intent. And Scott in this form is extremely dangerous and terrifying!

They have seen Scott tearing an opponent alive, and they have also seen Scott torture the opponent so cruelly.

Now, they seemed to have seen Lin Ziming's death in Scott's hands, and it was still extremely miserable!

Zhong Fan's body was shaking so badly that he knelt on the ground, didn't even dare to lift his head, completely shocked.

Scott didn't have the trouble to find Lin Ziming immediately. Instead, he grabbed Zhong Fan with one hand and stared at Zhong Fan with a pair of scarlet eyes full of murderous intent, "You Chinese, dare to hit your mind. Come on to my Scott? Don't you know that Scott hates Chinese people the most in his life! Originally, I just wanted to catch you and play a trick. But now, I have changed my mind. , Tusk tusk, I will smash your brain, extract your brain, and make your skull into a urinal, hahaha..."

He was smiling, but the sound was extremely unpleasant, just like scratching on a blackboard with a ruler. It was an extremely sharp and high-frequency sound that made people frighten when they heard it. The scalp was numb and the body reacted!

Zhong Fan was originally timid and scared. Now that he can bear what Scott said, he is already peeing his pants in fright, begging for mercy with his nose and tears, "Boss, boss, don't care about me." What's wrong, please don't kill me, I don't want to die, please, oooooo..."

The way he is now, it can be said to be extremely embarrassed and awkward. After Scott saw it, he fell in love with him, extremely mad and reconciled, "In the past few days, there is a very hot topic in the beautiful country. There is a Chinese. , Ran to my beautiful country, and killed the Quartet, arrogant to the extreme, threatened to rescue all the Chinese in the beautiful country!!! Also killed a lot of people in my beautiful country, how arrogant, how hateful!!! Jie, I thought that all of you Chinese are so good, and now it seems that you also have cowards in China!"

Zhong Fan's face was pale, and he kept talking, it's none of my business, it's none of my business!

In this case, the other dudes also knelt down one by one.

Seeing Lin Ziming shook his head straight.

Scott let go of Zhong Fan, let Zhong Fan fall to the ground like a ball of ooze, and then said grimly: “Today, all of you can’t go! A few Chinese people dare to be in my Scott’s Wild on the ground?!”

His current state is crazy and scary.

Lin Ziming scolded Zhong Fan, “Zhong Fan, why are you crying, stand up for me, as a Chinese, you should have the backbone of a Chinese!!”

This sentence directly stimulated Zhong Fan. He pointed at Lin Ziming and cursed, “I’m going to fuck you! I was killed by you! Why don’t you die! I don’t want to die, I don’t want to die yet.”

Lin Ziming looked at him deeply, “Today you will not die. With me, no one has a way to take away your sex. However, your behavior makes me feel shameless.”

Scott twisted his neck and made a chucking noise. As he walked towards Lin Ziming, he said, “I haven’t done anything for a long time. For a while, that damn Chinese is in my beautiful country. Arrogant! Sooner or later, the strong of my beautiful country will kill him!! But today, you must die.”

After finishing speaking, Scott’s body disappeared, and Lin Ziming appeared in front of Lin Ziming the next moment, punching Lin Ziming hard in the face, and he was going to torture Lin Ziming severely.
