

Chapter: 2073

Moreover, he also noticed the Sakyamuni Buddha next to him, and at the same time felt that Sakyamuni was not a good stubborn, but also a super arrogant, but strength, and Bu Jingyun in the middle.

These are the two great arrogances from the martial world.

Lin Ziming soon realized this.

This is kind of interesting.

He has a hunch that he will play against these two super arrogances sooner or later.

It seems that he still underestimated the world before. There are still many geniuses in the whole world.

However, it is precisely this that makes it more interesting. If the world is invincible, it would be too boring!

Soon, he smiled faintly, and did not continue to look at Bu Jingyun, and closed his eyes. His goal today is not these two super geniuses, but Adam.

Today, no matter what, he will defeat Adam.

When his gaze retracted from Bu Jingyun, the Shakyatuni next to him spoke, "It seems that we still underestimated this Lin Ziming. We were standing here and we were discovered by him. Interesting. It's so interesting."

Bu Jingyun also closed his gaze, nodded, raised the corners of his mouth, and sketched a meaningful smile, as if Lin Ziming had become one of his prey. He said, "It's very interesting. I am looking forward to it now. I saw him in the Secret Realm."

Shakyatuni smiled, "Bu Jingyun, listening to your tone, you seem to have eaten this Lin Ziming to death? Don't let the time come, you are not his opponent, that would be embarrassing to us."

Bu Jingyun snorted and glanced at Shakyatuni coldly, and said, "Sakyatuni, you don't have to irritate me. If I am not his opponent, then you will only be killed by him."

Shakyatuni shrugged and said, "I don't think so. If he defeats you, I will make friends with him. However, I am looking forward to it. Will this Lin Ziming meet Xiaoyaozi? It's Xiaoyaozi, in a duel with him, that must be pretty good."

As he said, his eyes became red, as if two balls of flame had been added out of thin air, which looked extremely weird.

Bu Jingyun said disdainfully, "Just rely on him, still want to compare with Xiaoyaozi?"

.....

On Lin Ziming's side, he walked all the way, looking like he was strolling in the courtyard, as if he was visiting the mountains and playing water instead of dueling, and the team behind him was getting bigger and bigger.

He seemed to be carrying an endless trend and trend, and came to a calm

lake.

And here, early on, many people have gathered.

Most of the people here are from the beautiful country, many high-level people, the strong, and even the army, guarding here, waiting for Lin Ziming to come.

The atmosphere seemed extremely solemn, as if even the air had frozen.

When Lin Ziming appeared, the voices present disappeared, and all of them looked at Lin Ziming.

And Lin Ziming also saw that in the lake, on a small island, there was a white man with blond hair sitting cross-legged, no one, it was Adam.

When Lin Ziming stared at him, he opened his eyes suddenly.
