However, as soon as they stepped on it, they were immediately overwhelmed. Some people who did not believe in evil fell into the lake and were very embarrassed.

At this time, they finally believed that Lin Ziming didn't have any tricks, but had really done it to walk on the lake. This method was unheard of.

The few Chinese compatriots who were present saw this scene, and they were particularly excited, thinking that Lin Ziming's chances of winning were even greater!

The viewers from the beautiful country were very upset. Seeing Lin Ziming showing up here, they all spoke up and cursed Lin Ziming.

Adam stood up, he saw Lin Ziming's hand, and narrowed his eyes slightly. Some dark birds flashed in his eyes, which was very uncomfortable. Then he snorted heavily. The sound was not loud, but it penetrated. The force is extremely strong, falling in the ears of the audience, like the muffled thunder in the sky, full of majestic and terrifying energy.

Then, Adam stepped forward and took a step, with a thump, as if the entire ground was shaking violently.

But almost instantaneously, it was as if an invisible force passed from under his feet and quickly spread to Lin Ziming. Every lake that passed by made a huge movement, like thunder, and splashed everywhere.

I arrived in front of Lin Ziming in an instant, like a powerful torpedo, blasting Lin Ziming away.

Of course, it is impossible to hurt Lin Ziming. He also didn't want to solve Lin Ziming so easily. His purpose was to make Lin Ziming embarrassed.

Many people opened their eyes and stared closely, for fear of missing something.

Facing Adam's counterattack, Lin Ziming just smiled faintly. There was no panic or nervousness at all. He just stepped slightly with his left foot and kicked to the right in the direction Adam kicked. This huge Power, like a football, was easily kicked away by him, and moved to the one on the right, where a lot of spectators from the beautiful country stood.

Two seconds later, I heard a loud bang. It was a super-scale torpedo exploded, exploding a huge splash of water, rolling up a lot of lake water, covering the past, and causing many people to be drenched. Drop soup chicken.

Very embarrassed, causing a burst of ridicule.

Even some of the lower realms were shocked by this force.

Adam's face is green!

This guy Lin Ziming dared to fight him like this, it's damn damn!

When something like this happened, Adam couldn't continue to attack Lin Ziming. He could see now that Lin Ziming was a tough guy, and it was not

easy to chew.

However, Lin Ziming dared to come. The moment he appeared, he was doomed, and Lin Ziming was bound to die!

He stared at Lin Ziming and made no secret of his murderous intent towards Lin Ziming.

Under the witness of everyone, Lin Ziming walked for a while, stepped onto the island from the lake, and stood in front of Adam.

For a while, the original noisy scene suddenly became quiet, everyone opened their eyes and stared closely, for fear of missing any wonderful scenes.
